Final Bulletins

U.S. Submarine Bags 4 Jap Ships

WASHINGTON (AP)—The United States Navy announced this afternoon that three enemy freighters and a passenger cargo ship had been sunk by an American submarine in Japanese waters and that an enemy seaplane had been shot down west of Midway Island.

Halifax Blackout

HALIFAX (CP)—Hon. R. J. Manion, chief of the Dominion's air raid precautions organization, and Hon. F. R. Davis, Nova Scotia's Minister of Health and provincial chairman of the civilian emergency committee, will observe a test blackout in Halifax area tonight from the air.

Sir Wm. Bragg Dies

LONDON (CP)—Sir William Bragg, 79, the scientist, died today of heart disease.

Together with his son, Sir Lawrence Bragg, Sir William in 1915 received the Nobel Prize for work on X-rays and crystal structure.

Food for Prisoners

BUENOS AIRES (AP)—Informed sources said this afternoon the government of Argentina, representing Britain's interests in Japan, has asked Tokyo to permit ships to carry food and relief supplies to British prisoners in Hongkong and other Japanese-occupied areas.

The British ambassador and Canadian minister had asked the Argentine foreign office to investigate reports of Japanese mistreatment of prisoners.

Supplies to China

WASHINGTON (AP)—Dr. T. V. Soong, Chinese foreign minister, said after a call on President Roosevelt this afternoon, that an ambitious plan for new routes to China to surpass the traffic volume of the Burma Road should be realized "in a few months."

Soon the new supply lanes should be bringing China as much assistance as the Burma line that has been severed by the Japanese.

Warships Turned Over?

MOSCOW (AP)—A Tass dispatch from Cairo tonight reiterated reports said to have reached there that the Vichy government has turned over to Germany a number of its warships, including the 35,000-ton battleship Clemenceau and the 26,500-ton battleship Dunkerque.

(Vichy circles denied a similar Tass report two days ago. Washington also said it had no information tending to confirm such reports.)

Geo. S. Gordon Dies

OXFORD, Eng. (CP)—George Stuart Gordon, 61, president of Magdalen College, Oxford University, died today after a long illness. He wrote widely on classical topics.

Permit Few Races

Britain to End Pleasure Motoring

LONDON (CP)—All unessential motoring will disappear this summer from Britain's roads under a new rationing system which will withhold gasoline from everyone except those proving "genuine need," it was officially disclosed today as the government clamped down on wartime frivolities with sharp new measures to restrict sports events.

Geoffrey Lloyd, parliamentary secretary for petroleum, said replacement of the present basic gasoline ration—which allows motorists fuel for 200 miles of driving a month—by more rigorous controls would be gradual. He explained the purpose of the change is "to end pleasure motoring for the present" and ultimately to take "all unessential cars off the road."

Herbert Morrison, Minister of Home Security, said restrictions on sports events, such as racing and boxing, also would conserve gasoline and, further, reduce the number of hours lost in vital industries.

Both spoke in the House of Commons.

Basketball Final Here Friday Night

First game of the British Columbia senior men's basketball final between Victoria Dominos and Vancouver Tooges will be played Friday night at the Willows Sports Centre as scheduled, following settlement of the referees' squabble today.

Manager Dave Nicol of the Dominos said the series would be refereed by either Tim McCulloch of Seattle and Joe Hall of Vancouver, or two Seattle officials, to be named by the referees' board of the Washington city.

Agreement was reached following a long distance telephone conversation between Nicol and Charles McLachlan, Vancouver, president of the Canadian Amateur Basketball Association.

Fined for Light

VANCOUVER (CP)—Nathan Mosier, proprietor of a hosiery and lingerie shop, was sentenced today to a fine of \$20 or a month in jail in City Police Court today for displaying an outside light between sundown and sunrise, contrary to Defence of Canada Regulations.

Release Canadians

OTTAWA (CP)—Release from German custody as a result of negotiations extending since the summer of 1940, of Richard Grew and T. J. Monty, Trade Commissioner and assistant Trade Commissioner respectively, at Oslo, Norway, was announced this afternoon.

City Airman Dead

Reported missing after air operations some months ago, P.O. James F. Codville of Victoria is now reported in an official R.C.A.F. casualty list issued today to be presumed dead.

The airman's next of kin is listed as his father, Lieut. Col. F. H. M. Codville, 2088 Windsor Road, Victoria.

Sea Safety Lane

NEW YORK (AP)—An Atlantic coast patrol of 600 or more armed fishing vessels to guard a safety lane two miles wide was proposed today by the National Maritime Union (C.I.O.) as a measure against submarine attacks.

Plan to Grant Leave

OTTAWA (CP)—Procedure whereby men called for compulsory military training may apply for leave because their services are required at home was set forth by Defence Minister Ralston as he tabled an Order-in-Council amending army regulations in the House of Commons this afternoon.

Hurley at Wellington

WELLINGTON, N.Z. (AP)—Patrick J. Hurley, first United States Minister of New Zealand, arrived here today to assume his post.

1,500,000 Reds Drive at Nazi Line

Sea-Air Battle On Great Scale Brews Off Norway

By FRED VANDERSCHMIDT
NEW YORK (AP)—Cumulative military and political evidence indicates the imminence of highly important operations centering about the area between the desolate North Cape at the top of Norway and the cruel 1,000-foot granite cliffs of the Russian Murmansk coast.

Major air and naval operations already are under way, involving German capital ships, British torpedo planes undoubtedly operating from an aircraft carrier, other British warships and United Nations convoys.

Free Europe, a review of international affairs published in London, said today an Allied spring offensive in the west should have a good chance of success, for the forces now concentrated in the British Isles presumably are stronger than those the Germans have disposed from Kirkenes, Norway, to Hendaye, France.

FAVORABLE SPOT

This commentary declared both military and political reasons commended Norway as a spot where the Allies could strike with overwhelming forces. It added that control of upper Scandinavia would give the United Nations a convenient link with Russia through Finland and would put them in position to strike directly into the heart of Germany.

An offensive at the top of Europe might well be the extra contribution to Russia's cause which the Soviet Union gives every evidence of expecting.

There is plenty to win: A successful push could wipe Finland from the war, open and protect the whole Allied-Russian supply line via the excellent port of Murmansk and re-establish the Allies in Norway, where they could organize and supply increasing resistance by the population.

A common British-Russian-American fighting front could be thrown quickly across the thin top of Finland and this front in time might provide just the impetus the Russians need to turn the whole German northern flank and collapse it on the Baltic states and East Prussia itself.

TO SHORTEN LINES

There are 1,500 miles of sea from the present U.S. bases in Northern Ireland to North Cape, but it is only 30 miles across the northeastern extremity of Norway to Russian territory, and only 50 miles farther east to Murmansk.

Eight hundred miles straight south of Murmansk, reachable almost directly by railway, is the Staraya Russa front, where the Russians have pushed back closer to Germany than anywhere else. Staraya Russa is only 130 miles from Latvia, and then it is just 400 miles to East Prussia.

NAZIS MISS CONVOY

LONDON (CP)—The Stockholm correspondent of the London News Chronicle reported today that the new German battleship Tirpitz, which put back into a Norwegian port after being attacked Monday by British torpedo-carrying planes, failed to get within 300 miles of "her prospective prey"—a convoy which now has reached Russia.

Neither his article nor the Admiralty communiqué Wednesday disclosed whether the Tirpitz, sister ship of the sunken Bismarck, suffered any damage in the attack north of Trondheim.

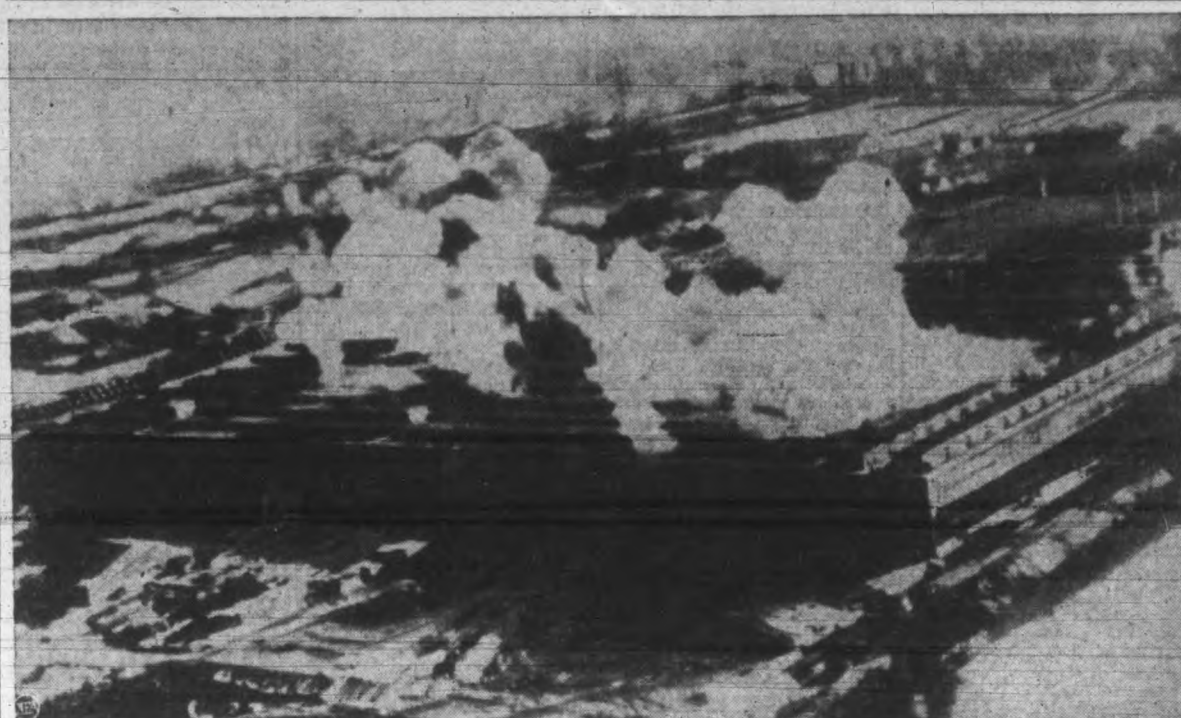

The dispatch from Stockholm said, however, that the Tirpitz was built "on the German plan for comparatively short sea trips," and that the crew, when in harbor, lived in barracks ashore. This, the dispatch said, allowed more room for watertight compartments, which made the ship almost invulnerable to aircraft attack.

PRINZ EUGEN HOLED

The correspondent said he had learned, too, that the 10,000-ton German cruiser Prinz Eugen was "lying in Trondheim harbor badly holed" as a result of the torpedo attack off Norway Feb. 23 by the British submarine Trident.

The Admiralty communiqué Feb. 26 which announced the attack, described the ship only as a "cruiser of the Prinz Eugen class."

The News Chronicle's correspondent said many bodies were found floating in the cruiser's flooded compartments when she managed to reach port.

R.A.F. BOMBS TRUCK FACTORY NEAR PARIS—This pictorial bit of evidence, radioed from London, shows R.A.F. bombs bursting squarely on the Matford plant at Poissy, eight miles west of Paris,

where motor trucks are being turned out for the Nazi war machine, according to British information. This was the second air attack on the Paris region in six days.

Children Evacuate Schools

Oak Bay Gets Scare At Blast of Sirens

Eleven hundred schoolchildren in Oak Bay got an unexpected holiday this morning, scores of doctors, nurses and other A.R.P. workers rushed to their allotted scenes of action and residents of the district got a brief but real scare when, soon after 9, a telephone engineer making a cable transfer left a switch open and allowed two air raid sirens to blast for about five minutes. All the children hurried to school at 1 for the usual afternoon classes.

The sirens are at the Willows Arena and Monterey School and a strong southeast wind carried the note far and wide and in spite of the fact that their tone and frequency were not that of a real air raid warning they were sufficiently ominous, in the words of Oak Bay Police Chief Hugh Reston, "to make pretty nearly everyone think it was the real thing."

Officials of the B.C. Telephone Company said the incident was not likely to happen again. Cable transfers of the type carried out in Oak Bay this morning are rare occurrences and neglect to disconnect the switch hooking up the two sirens was a simple error. Steps are being taken to prevent a recurrence.

EFFICIENT A.R.P.

One thing was accomplished this morning. A.R.P. officials learned that up to the point of an actual raid their organization is almost perfect.

When the first note of the sirens was heard this morning the 1,100 children in the three Oak Bay Schools, the Willows, Monterey and the High School had just seated themselves for the class. Constant drill had taught them what to do, and under the instruction of teachers they filed out, elder children in charge of the younger ones, and proceeded quickly but quietly to their homes.

Meanwhile scores of wardens, auxiliary firemen, doctors and nurses had heard the sirens and proceeded to their stations, the latter to the schools which have been established as first aid stations, auxiliary firemen to the fire hall and wardens and messengers to their various posts. All of them were ready to go to work within from 5 to 10 minutes after the first note.

Few of the higher officials in the Oak Bay A.R.P. organization, including Chief Warden O. A. Butters, believed the warning was genuine, but a spate of telephone calls to the fire hall, the police stations and other centres indicated that almost everyone else in Oak Bay did.

Fire Chief E. G. Clayards said the use of the telephone by citizens just after the sirens were heard was a serious matter.

'FIRE HALL A BEDLAM'

"People must be told," he emphasized, "that the 'alarm' number, E-2141, must not be used except in the case of an actual fire. For some time after the sirens

went off this fire hall was a complete bedlam with telephone calls. It would have been impossible to get a call from a real fire. The public have been instructed what to do in the case of an air raid alarm and should carry out those instructions."

The fire chief said the way the children were shepherded out of schools and to their homes was admirable. "Oak Bay school teachers are to be congratulated," he said. Praise was also due the Boy Scouts and high school boys delegated as runners and to auxiliary firemen who turned up for duty promptly.

Chief of Police Reston said the incident turned out to be a searching test of A.R.P. efficiency, and those concerned came through splendidly. He said the fact that the majority of people thought it was a real alarm was understandable.

"When people hear those sirens

go," he said, "they are not going to wait to count the number of blasts or hold watches to time their length or listen whether they are a fluctuating or a steady note. They are going to act—that is what most of them did."

NO PANIC SEEN

As soon as he received information the schoolchildren had been sent home, said Chief Reston, he sent out patrols to check. They reported that the children were all in their homes within 10 minutes and that no panic was observed.

Attitude of the Oak Bay schoolteachers was summed up by Capt. F. G. Dexter, superintendent of Willows and Monterey Schools.

"When we heard those sirens," he said, "we couldn't take a chance. It was our job to get the children out of the schools and into their homes and we carried through drill already practiced."

It worked satisfactorily, the elder children taking charge of the younger ones."

Major A. S. Moody, inspector in charge of the Civil Protection branch of the B.C. Police, said the incident was the result of a situation not likely to arise again. The whole matter of air raid sirens and the warning they are to sound is in the hands of a committee in Vancouver, he said. This committee, headed by officials of the B.C. Telephone Company and other sound experts, is now studying the result of the tests made in Victoria Friday and will report their conclusions in the near future.

By 11 this morning Oak Bay had settled down. Schoolchildren were enjoying their holiday, householders had all realized the "alarm" was false, and A.R.P. and civic officials were all satisfied their various services were functioning efficiently.

Storm Nazi Store

RIO DE JANEIRO (AP)—An angry crowd of several hundred persons, some shouting "Kill Them!" broke the show window of a blacklisted German firm today on Rio de Janeiro's main street, Avenida Rio Branco.

The outburst, directed chiefly at the German store, Casa Lohner, came just after noon, and followed on anti-Axis measures taken by the Brazilian government.

Collier's Boosts Price

NEW YORK (AP)—The Crowell-Coffier Publishing Company said today Collier's, weekly magazine, would advance its single copy price from 5 to 10 cents and the yearly subscription rate from \$2 to \$3 effective with the May 9 issue. The Curtis Publishing Company, publisher of the Saturday Evening Post, and MacFadden Publications, publishers of Liberty, previously had announced similar increases because of rising paper costs.

Pay Subsidies

OTTAWA (CP)—Under price stabilization policies now in effect, subsidies are being paid to keep some essential commodities under the price ceiling, the Wartime Prices and Trade Board said today.

Board officials said a full statement on the program could not be given immediately and declined to state what specific items were affected.

Russians Score Break-Through On South Front

LONDON (CP)—The Red army was reported tonight to have thrown 1,500,000 men into violent fighting on a broad southern front, attacking primarily in the directions of Kharkov, Stalino and Taganrog. Dispatches to Moscow from the front reported the Russians had effected break-through at several places on the southern front, killing 2,000 Nazi soldiers and seizing two large junction points.

Russian Gains Admitted By Berlin

Simultaneously, heavy Soviet tank forces were reported smashing ahead in the Orel sector, 250 miles north of Kharkov. In this area the German high command, as quoted by the Berlin radio, conceded the Russians had broken through their line northeast of Orel and declared a mass attack had forced the German divisions entirely on the defensive.

Marshal Semyon Timoshenko was said to be employing upwards of 90 armored and infantry divisions in the great southern push, aimed at driving the Nazis back across the Dnieper River along a line from Dnepropetrovsk south to the Black Sea.

At the same time the Russians were said to be intensifying their attacks at many points on the central and northern fronts and blasting incessantly at the encircled German 16th Army at Staraya Russa, 130 miles south of Leningrad.

The early annihilation of this force, before the Germans are able to mass sufficient relief troops to the south and west of Lake Ilmen, was believed by qualified London sources to be an essential part of the Soviet strategy.

Clean-up in that sector would free two to three Russian army corps, sufficient, probably, to give the Red Army a heavy superiority in manpower for a quick thrust westward toward Lake Peipus. Such an operation would expose the flank and rear of all the German armies besieging Leningrad and holding the Vokhov-Lake Ladoga line.

Motorized Sleds

Cause Great Panic

In the main attack it was reported sleds powered with airplane engines and propellers skimmed through the German positions so quickly that they "caused great panic," said the central front reports.

(At Moscow a special communiqué listed 49,700 Nazi troops killed in the Kalinin sector alone between Feb. 5 and March 8. But the dispatches from the front asserted the German 16th Army, which already had suffered 12,000 casualties in the Staraya Russa trap, had lost additional thousands in the last few days, while the advancing Russians had captured 11 new settlements, including two district centres, in that area.)

One Volunteer To Dig Trenches

One lone volunteer to dig trenches has come forward so far since the appeal made Tuesday by Insp. A. H. Bishop, Chief Protection Officer, for auxiliary workers in the event of an air raid.

A few citizens have offered to make sand boxes and others have volunteered to convert their basements into air raid shelters but the response is far from satisfactory, Insp. Bishop states.

The one trench-digger, in any case is not likely to be available to A.R.P. officials in the event of a raid as he is in the R.C.A.F. and would probably find his official duties taking most of his time and energy.

Insp. Bishop repeats his appeal and asks all citizens of metropolitan Victoria, other than A.R.P. wardens and firemen, to register at his office in the City Hall.

FIRST PICTURE OF U.S. FORCES IN AUSTRALIA—Crew of a U.S. Flying Fortress leave their plane after arriving from action scenes in the Philippines. The ship carried scars of battle, bullet holes in wings and a nick on a propeller, but "got through" Japan's mastery of the air over the south Pacific.

at KENT-ROACH "V"

family in the world. And the most
musical families in Victoria like the
Tates.

Remember Hongkong!

LONDON (CP) — "Remember
Hongkong!" is becoming a war
production slogan.

Telegrams proclaiming the
phrase and urging workers to re-
double their efforts will be dis-
patched tomorrow from a little
Surrey factory to other war
plants.

A young Surrey welder,
angered at the disclosure of the
Hongkong atrocities, suggested
the telegram idea to the manage-
ment and fellow workers, who
agreed to subscribe to the costs.

Now there are reports that
plants in other parts of the
country plan to pass on the tele-
grams chain letter style.

Jap Car Caravan Arrives in Town

Five Japanese-owned automo-
biles from Duncan arrived at the
Willows exhibition grounds at
11 this morning. They were the
first of an estimated 75 cars com-
ing from up-island centres to
Victoria for impoundment by the
R.C.M.P. The cars were driven
by their owners and escorted by
B.C. Police highway patrol cars.

The main caravan from up-
island, however, did not arrive
until late in the afternoon. It left
Port Alberni and Courtenay early
this morning, and as it proceeded
southward was joined at a num-
ber of points by more Japanese-
owned cars.

The first five cars were lead by
a single white B.C. Police patrol
wagon. Three police patrol cars
escorted the main caravan.

Most of the convoyed cars were
without 1942 license plates.

IN BY SUNSET

By order of Inspector C. R.
Peters of the R.C.M.P. all cars
owned by persons of Japanese
race living on Vancouver Island

must be in custody of the R.C.
M.P. at the Willows by sunset to-
night.

The autos will be stored in
cattle sheds at the exhibition
grounds. R.C.M.P. authorities
said they did not know whether
the cars would remain here for
the duration of the war or be dis-
posed of by the custodian of
alien property.

It was originally planned for
the Japanese cars from Duncan
to join the main caravan as it
passed there on the way to Vic-
toria, but police decided to send
them on ahead to relieve conges-
tion at the Willows registration
point. Police said it would also
give the Japanese owners an op-
portunity to get home before
nightfall.

The total number of cars con-
fiscated today will be close to 100,
police estimate. Although some
Japanese-owned cars are known
to have been sold, and others not
totally paid for, repossessed,
about a score are expected to be
turned in by Greater Victoria
Japanese.

Meanwhile, an undisclosed
number of Japanese nationals,
between the ages of 18 and 45,
who have been ordered to report
to R.C.M.P. headquarters in Van-
couver, are preparing to leave.

U.S. Troops Speed To Northeastern B.C.

EDMONTON (CP) — The third
trainload of United States troops
to pass through Edmonton on
their way to Dawson Creek, B.C.,
where they will work on the con-
struction of the Alaska Highway,
arrived today and left in three
quarters of an hour for the nor-
thern town.

The troops will bolster the
Americans who have already ar-
rived at the rail-end town in
British Columbia.

The troops are engineers and
surveyors accompanied by a med-
ical unit. They are traveling in 10
coaches. A converted baggage
car is used as a kitchen. There
are also 17 flat-cars carrying a
number of heavy 10-wheeled
trucks and gasoline trailers.

Their Vancouver Island homes.
From Vancouver, the alien Japa-
nese will be sent to work camps.
Most of the Japanese ordered to
Vancouver are loggers and lum-
bermen.

Some Canadian-born Japanese
are preparing to leave volun-
tarily soon. Two or three have al-
ready left Victoria.

Jap Invasion Spearhead Blunted

13 Jap Transports Sunk; Australian Threat Eased

CANBERRA (CP) — Two days
of air attack which lured the
Japanese won beachheads of New
Guinea with the wreckage of an
invasion armada and battered po-
tential Japanese bases gave direly
threatened Australia valuable
hours today to muster fighting
power for a stand on her own
shores.

Japan's first spearhead appar-
ently was blunted by the fierce
aerial blows Wednesday at han-
gars and runways of Salamaua
and Lae, following up the aerial
onslaught the day before which
sank, burned or beached at least
seven ships and brought to at
least 13 the number of Japanese
transports put out of action off
New Guinea and New Britain.

There was, however, no word
of new action today to indicate
the next turn of the fight, nor
any further news of a second
strong Japanese convoy last re-
ported headed for Port Moresby,
capital of New Guinea, 300 miles
from the Australian mainland.

The blows by the R.A.A.F.
(bolstered by big United States
bombers) were believed to have
seriously dislocated the Japanese
invasion timetable.

One spokesman declared the
Japanese would take an ever
harder pounding as they came
further into effective range of
fighters and bombers based in
northern Australia.

He said the attacks Wednesday
and the day before, when seven
Japanese ships were officially re-
corded as put out of action, were

only a beginning. The Australi-
ans said two more ships were be-
lieved damaged in the attack made
Tuesday.

**Japs Acknowledge
Loss of Warships**

(A Japanese imperial headquar-
ters announcement acknowledged
that three of its warships were
damaged and six other vessels
were sunk or grounded in the
Tuesday landing operations at
Lae and Salamaua.)

(The Tokyo announcement said
a cruiser, two destroyers, and
three "requisitioned ships" — prob-
ably captured vessels taken over
by the Japanese navy — were dam-
aged slightly, and military trans-
port and two other "requisitioned"
ships were sunk or beached.)

Views On Cripps' Mission

Moslems Repeat Demand For Separate India

By H. R. STIMSON

BOMBAY, India (AP) — Mo-
ammed Ali Jinnah, president of
the All-India Moslem League, re-
iterated today his view that the
only solution of the Indian prob-
lem acceptable to his organiza-
tion would be "India's division
into separate, autonomous Hindu
and Moslem states."

Jinnah, leader of India's minority
of 77,000,000 Moslems, made no
direct reference to the forth-
coming visit of Sir Stafford
Cripps as special envoy of the
British War Cabinet to determine
whether the cabinet's plan for
eventual Dominion status for
India will work.

But he asserted the British
government "must not be
stampeded into adopting a settle-
ment which will prejudice or
militate in any way against the
Moslem demand" for India's di-
vision and added:

"My views are embodied in the
resolutions of the Moslem League
working committee (namely, that
the League will without doubt re-
volt against any decision which
recognizes India as being a single
national unit, since for all prac-
tical purposes this would mean
establishing Hindu dominion.)"

There are 240,000,000 Hindus in
India.

VOICES DISAPPOINTMENT

Sir Bijoy Prasad Singh Roy,
president of the National Liberal
Federation, who has urged In-
dians to join the fighting forces,
expressed disappointment over
Prime Minister Churchill's state-
ment before the House of Com-
mons Wednesday, and said it
meant only further deferment of
the solution of the political dead-
lock.

While he conceded the diffi-
culty of Sir Stafford's assign-
ment, he said the latter would
be helped by his broad sympathy
with India.

The Times of India hailed Sir
Stafford's selection "as peace-
maker" as a "great tactical
stroke."

"The fact that he comes as the
personal emissary of Churchill's
war cabinet," the Times declared,
"should convince India Britain
means business."

The extremely nationalistic
Free Press Journal said his ap-
pointment was "a brilliant tactical

manoeuvre. Whitehall is ventur-
ing out of the Maginot Line of
the August declaration."

(In August, 1940, Britain pro-
mised India "free and equal part-
nership" in the Commonwealth
as soon as possible after the war.)
"If things go well all may go
forth hand in hand with our
fellow fighters against Fascist
tyranny," the Journal added.

Brazil Seizes Axis Funds;

RIO DE JANEIRO (AP) —
Brazil today confiscated up to 30
per cent of the funds of Axis sub-
jects in this country in a decree
which branded Germany, Italy
and Japan as aggressors and
strengthened belief that a decla-
ration of war might follow.

The decree by President Getu-
lio Vargas said the confiscations
were based on "acts of war prac-
ticed against the American con-
tinent," and singled out Germany
as particularly responsible.

Since Germany, Italy and
Japan are allies, they are "united
in aggression," the decree stated.

It blamed Germany for failure
to pay admitted obligations for
damage to a Brazilian ship in the
Mediterranean some time ago and
for attacks on peaceable unarmed
Brazilian merchantmen — at least
four of which have been sunk
recently off the Atlantic coast
of the United States.

CLOSELY LINKED

In explanation of holding Axis
nationals accountable, President
Vargas concluded:

"In conditions of modern war,
civil populations find themselves
strictly linked to the fate of
armed forces, and their activity
is, more than in any other epoch
of history, a determining element
in the result of war operations."

The Vargas decree said "the
property and rights of German,
Japanese and Italian persons or
legal subjects must answer for
harm which has resulted or may
result from acts of aggression by
Germany, Japan and Italy."

Axis subjects with bank depos-
its or credits of more than two
centos (\$100) will be obliged to
pay 10 per cent on amounts up
to \$1,000; 20 per cent on anything
between \$1,000 and \$5,000, and 30
per cent on sums of more than
\$5,000.

These amounts will be held in
the official Banco do Brazil as a
guarantee indemnity for acts of
aggression in case the Axis gov-
ernments fail to pay.

Lemon Juice Recipe Checks Rheumatic Pain Quickly

If you suffer from rheumatic, arthritis,
or neuritic pain try this simple inexpen-
sive home recipe. Get a package of Ru-
ex Prescription from your druggist. Mix it
with a quart of water, add the juice of
4 lemons. It's easy and pleasant.
You need only 3 tablespoons two
times a day. Often within 48 hours—
sometimes overnight—splendid results are
obtained. If the pain is not quickly
relieved and if you do not feel better,
Ru-ex Prescription will cost you nothing
to try. Your money refunded if it does
not help you. Ru-ex Prescription is for
sale and recommended by Cunningham's,
the Modern Pharmacy and other leading
druggists.

NANAIMO (CP) — Funeral ser-
vices will be held Saturday for
Richard Hancock, 75-year-old re-
tired miner and resident of the
Nanaimo district for almost 60
years, who died in hospital Wed-
nesday night.

A native of Cornwall, Eng., he
came to Vancouver Island as a
lad of 15 and for years worked
as a miner, retiring about 12
years ago. Surviving him are his
wife and a son, Albert, here, and
a daughter, Mrs. Laura Gleason
of Campbell River.

ANNOUNCEMENTS

Duck eggs fresh daily, large
size, 40c dozen; bread, 5c; nappa
soap, 6 for 25c; sandwich spread,
3 for 25c. Pick an' Pack, 709 Pan-
dora, G 4916.

"Neocracy, the alternative to
Capitalism and Socialism," the
first of a series of discussions to
be held at the Epoch Forum,
640 Fort Street, each Thursday at
8.15 by the Natural Economic
Order. Persons interested in
social, economic and monetary
reforms are invited. Collection.

CITRUS FRUITS THEY'RE NATURE'S WAY TO HELP GUARD HEALTH

Here's a prescription that's EASY to take
Drink and eat plenty of fresh oranges and
grape-fruit. Their juice is especially valuable in helping
fortify your system nature's way against winter colds. Juice
is the important part of citrus fruit, not pulp and skin.
That's why we sell it by weight and not by the
dozen. You get your money's worth at Safeway.

Orange juice at least once a day is the re-
commendation of most children's specialists
... it's so necessary in balancing their diet.
And how the little fellows go for it.

Australia Sends Food To Singapore Prisoners

CANBERRA (CP) — Premier John Curtin today announced foodstuffs are being sent by Australia to Japanese-occupied Singapore in an effort to ensure the proper feeding of Australian prisoners.

"We were asked to send the stuff," the Premier said.

"It was put to us very straight that it had to be for everybody, including the native population. It goes into the common pool and the Japanese distribute it."

UNPARALLELED LONDON (CP) — Australia's action in sending food to Japa-

nese-held Singapore for the benefit of imprisoned Australians there is without parallel so far as qualified sources here could recall today and they were frankly puzzled how it could be accomplished.

"The sending of stuff to prisoners," one informant said, "usually is handled on an individual basis or through the Red Cross, the prisoners' relatives paying for it. (However, many Red Cross parcels sent prisoners and interned persons are financed through the general funds of the Red Cross.)

"I'm quite sure it has never been tried before on what you might call a national or military

Unprecedented Aid For Imprisoned Soldiers

basis as the Australian effort seems to be.

"Presumably ships carrying supplies bear a conspicuous identification such as a huge red cross. In the absence of anything to the contrary you probably should assume the ships diverted are Australian ones."

Red Cross officials said they knew of no precedent.

The consensus was that there could be no certainty that the Australian prisoners would get the supplies, or even that the "pool" would be administered in a fair, humanitarian way. It was assumed, however, that Australian authorities had decided they had no choice but to take a chance.

Presbytery Urges Japs in Army

VANCOUVER (CP)—A resolution approved by the Vancouver Presbytery of the United Church of Canada urges Japanese volunteers be accepted for Canada's armed services. Another resolution voices "regret that the exigencies of war" necessitate removal of Japanese citizens from the Pacific coast defence area.

War Tide Turns, Says Hu Shih

EAST ORANGE, N.J. (AP)—Dr. Hu Shih, Chinese ambassador to the United States, declared Wednesday "A long and hard war still faces our nation, my nation and all our allies" but the "tide has now turned" in favor of the United Nations.

"We have not the slightest doubt about the ultimate and not too distant victory of our common fight against our common foes," said Dr. Hu in a speech at the annual dinner of the Chamber of Commerce and Civics of the Oranges and Maplewood.

"Let us learn from China a little lesson on patience. Let us remember this is the greatest war in human history, which cannot be won in three months."

Later, in New York, Dr. Hu told the Canadian Club, space, numbers, national unity, a capacity for hard work, aid from friendly countries and patience form the basis of China's successful resistance to Japan. Offering as "a comfort and a

reassurance" a picture of a unified China fighting successfully against Japan for 56 months, Dr. Hu said the Japanese never have been able to trap a Chinese force and "you have never heard of the surrender of any Chinese army."

The ambassador praised Canada as China's first ally. Douglas Cole, Canadian trade commissioner, said of the Japanese atrocities at Hongkong: "Let us all take a deep vow that such practices shall cease, and in a way that will never be forgotten by the Japanese nation."

Ronald Harris

Dies at London, Ont.

LONDON, Ont. (CP)—Ronald Harris, 68, died at his home here Wednesday, closing a career as a mining engineer that brought him an international reputation and included capture by wild Ethiopian tribesmen at the turn of the century. Death followed a lengthy illness.

Mr. Harris was once associated with Cecil Rhodes in Africa, and had worked in Mexican and Bolivian fields as well as being identified with mining projects in British Columbia, Alaska, Que-

\$27,000,000,000 Taxes the Imagination, Too

Americans are so used to hearing big figures that millions, billions, tens and hundreds of billions all sound alike. The chart above visualizes for you the immensity of the \$27,000,000,000 that Secretary of the Treasury Morgenthau hopes to collect next year in federal taxes and revenues. "If laying 27,000,000,000 dollar bills end to end isn't enough, you can more than double that figure to get the \$59,000,000,000 the United States is going to spend next year in its all-out war effort. 'Dizzy yet? No? Well, then quadruple it to get the \$110,000,000 total of the national debt. As Secretary Morgenthau said, "War is never cheap."

bec and the Cobalt area.

The widow is the daughter of the late Sir George and Lady Gibbons. Two sons are officers with the Canadian army overseas.

Hongkong Report

PM Says Eden Fell for Plot

NEW YORK (CP)—The New York PM says editorially that Anthony Eden, in outlining to the House of Commons details of Japanese atrocities in Hongkong and other occupied areas, "fell hook, line and sinker for a Japanese propaganda plot to split the British and their Asiatic allies."

"In Eden's remarks there was an unforgivable tone of race consciousness," the newspaper says. "He made a point of reporting the attacks in Hongkong were made 'without distinction of race or color.' It carried the implication that this time the Japanese had committed the ultimate sin of attacking white men and women. Previously, of course, it was only the Chinese who had suffered."

"The Chinese, the Indians, the Javanese and all Britain's colored allies are not going to be very impressed when Anthony Eden intimates that now the Japanese have gone too far... and that's just what the Japanese want."

"The Chinese, the Indians, the Javanese and all Britain's colored allies are not going to be very impressed when Anthony Eden intimates that now the Japanese have gone too far... and that's just what the Japanese want."

PLAN MORE AID FOR STUDENTS

OTTAWA (CP)—Active government consideration is being given to the possibility of extending increased financial assistance to deserving university students, it was learned today.

The Defence Department is working on details of the new program following a recent conference here between representatives of the Labor Department, the Defence Department and deans of university medical faculties.

Pending a formal announcement, little information was available beyond the understanding that the Defence Department is working along the general lines of a government assistance scheme which has been operating since the spring of 1939.

Medical students are reported to be receiving special consideration because of a shortage of doctors in the Canadian army and because their problems have been complicated by shortening of vacations and other additional responsibilities imposed by the war. But the new policy is expected to apply to certain other types of student as well.

Nazis Enforce Curfew in Amsterdam

LONDON (CP)—Aneta, Netherlands East Indies agency, said German occupation authorities have established an 8 p.m. curfew in Amsterdam in reprisal for bomb attacks on Dutch Nazi headquarters.

Private advices received here said that in addition, a group of prominent scholars and attorneys were seized as hostages, among them Professors Gumbel, Scholten and Roessing, Dr. J. G. G. Den Boer and Dr. J. B. Tielrooy, Aneta said.

Curfews, so far applying only to young people, have also been put in force in the university town of Leyden and other Netherlands municipalities, it was also learned.

Nazi-controlled Netherlands newspapers reported that Delft University had been closed as of Feb. 10 until further notice, "because fuel is unobtainable."

Short horns—Champion, Manuel Bros., Innisfail, Alta.; reserve, James Turner, Royal Oak, V.I.; champion B.C.-bred bull, Robert Taylor, Princeton.

Roy Ballhorn of Wetaskwin, Sask., was the only contributor of Aberdeen Angus bulls and won all awards.

Cattlemen, buyers and visitors were guests at a luncheon tendered by the Kamloops Board of Trade and Rotary Club.

Market cattle were auctioned this morning and the breeding stock this afternoon.

Air Training Plan Rapidly Expands

WASHINGTON (CP)—Canada is shipping munitions of war to every one of the 26 United Nations that has a force in the field, Leighton McCarthy, Canadian Minister to the United States, declared Wednesday.

He described Canada's varied war effort in a speech broadcast throughout Canada and the United States and short-waved overseas as one of a series featuring each of the United Nations.

The Commonwealth Air Training Plan, already turning out pilots and air crews at a rate "that would startle you," soon will be "one of the main training grounds for the United Nations," he predicted without elaborating on the proposed changes. It was recalled that predictions were made in Ottawa a short time ago that the training plan, which now involves 102 schools scattered across Canada, might be integrated with the general training of pilots for the United States Army Air Corps.

The minister used the over-subscription of Canada's recent \$600,000,000 Victory Loan to impress listeners with the Dominion's earnestness and all-out effort. He emphasized that of Canada's population of 11,400,000 or "the least war-minded people on the face of the globe," one in every 29 is a volunteer for service anywhere in the world, with the entire age group 21 to 26 drafted for home service.

Quebec M.L.A. Fears Youth Driven to Army

QUEBEC (CP)—Albin Paquette, Union Nationale member of the Legislative Assembly for Labelle, told the provincial lower House that Canadian youths "should not be driven to join the army by despair."

"The doors of our large industries and of public works are being closed in the face of youths," Mr. Paquette said while participating in the debate on the address in reply to the Speech from the Throne. "and that situation should be remedied if we do not want them to be driven to join the army by despair."

"That is not the way to do recruiting in the army. The youths should join the army with an ideal in mind and should not head toward the barracks because they have an empty stomach."

U.S.-Peru Lease-Lend

WASHINGTON (AP)—The United States and Peru have signed a lend-lease agreement providing for an undisclosed amount of arms and armament for the South American republic.

Acting Secretary of State Welles and Peruvian Ambassador Freyre y Santander affixed their names to the document at the State Department for their respective countries.

At the same time the two officials signed an agreement by which a second United States army officer will go to Peru in an advisory capacity.

New Torpedo Planes For British Fleet

LONDON (CP)—A. V. Alexander, First Lord of the Admiralty, told the House of Commons that "a very much more powerful and faster" torpedo bombing plane now is coming into active production for the fleet air arm, which lost all of the torpedo-carrying Swordfish planes with which it sought to prevent the German battleships Scharnhorst and Gneisenau from running the Straits of Dover.

The minister said the fleet air arm had been furnished with fighter planes and other types from the United States, but that "a good many alterations had to be made to make them successful."

Weather Prevents Raids

LONDON (CP)—Bad weather forced a halt in the R.A.F. offensive Wednesday night after the Ruhr had been pounded for three straight nights, informed sources said today.

MARCH—the Danger Month!

Resistance Is Lowest at the End of Winter

DON'T BE A GROUCH
Build Up Your System NOW!

Long, dark winter days—cold and wet—tend to lower the body's resistance. This condition is most pronounced at the end of winter. March is the danger month. Protect yourself and your family against possible ills by making sure of an adequate supply of vitamins and minerals. Listed here are Cunningham's recommendations in vitamin products and medicinal needs for spring. Buy them at your nearest Cunningham Drug Store. Enjoy moderate prices and friendly service.

Down to Cases

PREMIER HART'S REORGANIZATION
Of British Columbia's Civilian Protection administration should guarantee smooth and efficient working of a service that may be called upon to perform unpredictable tasks at any time. It distributes the authority of the Control Board among ministers and officials who will act as the clearing agency for ideas and suggestions of the much larger and more widely representative body to be known as the Advisory Council—especially in such matters as may require legal sanction from the authorities at Ottawa. The men who have been called upon to serve on this more comprehensive body are men of varied knowledge and experience, and such contributions as they will be able to make should prove invaluable. And even if we on this coast are fortunate enough to escape the horrors which have befallen the people of so many lands, the intimate exchange of view between citizens of varied interests which must mark the operation of this organization will have its special value during the progress of the war and, what is even more important, when the full impact of the aftermath is felt.

By remodeling the system, moreover, Mr. Hart will have created a new feeling of confidence among our citizens, not only in those areas that would be the first to suffer under any form of invasion, but also in parts of the province less exposed to the potential devilry of the enemy. It is the bounden duty of every citizen of British Columbia to rid himself or herself of the fatuous idea that "it can't happen here." Anything can happen here; and no matter how elaborate the precautions taken by control boards or advisory councils, unless the citizenry as a whole realizes to the fullest possible extent that its co-operation and assistance is the prime requisite, confusion and failure must be expected. Nor will even the most elaborate legal machinery devised adequately implement Mr. Hart's plan without the willing, unreserved, and practical efforts of every British Columbian.

Senator Dandurand

CANADIAN PUBLIC LIFE HAS LOST A distinguished figure in the death of Senator Dandurand. For more than 40 years he had been a member of the Upper Chamber where he represented the government from the beginning of the regime of Mr. Mackenzie King in 1921 until its defeat at the polls in 1930. After the 1935 election, however, he was reappointed the administration's leader and has occupied that position with distinction ever since.

A man of great charm, kindly qualities of mind and heart, Senator Dandurand was always on the happiest of terms with his parliamentary and senatorial associates of all political persuasions. Although the west knew little of him personally, his thorough and intimate knowledge of the Canadian scene, as reflected by his polished utterances, was amply recognized by the general public. His representation of Canada at several sessions of the League of Nations—he was president of the Sixth Assembly at Geneva in 1925—marked Senator Dandurand as one of that body's most ardent proponents. By Mr. Mackenzie King, a life-long friend and intimate colleague, as well as by others whose official life embraces many years, his passing will be keenly felt.

Why Not Use the Senate?

THE FINANCIAL POST HAS BEEN sending out queries to prominent Canadians, seeking from them suggestions as to what might be done to increase the usefulness of the Senate.

The situation is that at this time, when the services of every single Canadian are needed, there is at Ottawa a group of 96 experienced men and women, of mature experience and judgment, who for long periods are given practically nothing to do. When Parliament opens, the Senate must wait for weeks before legislation is passed on to it from the Commons. There are long adjournments throughout the session, because there is nothing on the Senate's order paper. Senators, distinguished in the service of their country, climax their political careers on such duties as hearing detailed evidence on divorce bills.

Almost without exception, the persons queried by the Post have agreed that as functioning at present, the Senate was of little value, but that it could be and should be made useful. Professor F. H. Soward of the University of British Columbia suggests that the Senate could do a useful job of investigation by special committees as is the case with the United States Senate. Why, for example, could not the Senate, in place of the Chief Justice of Canada, have investigated the Hongkong expeditionary force affair? Prof. Soward points to the fact that one-eighth of the Senate's membership is missing as a reflection of the public attitude towards what could be a very useful second chamber.

This war calls for efficiency on every front and Ottawa should set an example by ceasing to waste the talents of the Senate.

Ships and Second Front

EVERYBODY AGREES BY THIS TIME that wars are not won by "glorious retreats" or purely defensive action. Such tactics are rarely employed by choice; it is usually a case of necessity driving. Until the United Nations are sufficiently well equipped with ships, planes, tanks and guns they will be compelled to choose their points of attack with meticulous care—if further disasters are to be avoided.

To be sure, all of us would be delighted to wake up one fine morning soon to learn that a substantial anti-Axis force had invaded continental Europe, even if it were only one of those hit-and-run experiments which produce important psychological effects on people who have grown weary of reading about rearguard actions. But in every consideration of offensive warfare at this stage of the conflict the United Nations must perforce count their chances of success in terms of shipping and aerial and naval protection for that shipping. We are forcefully reminded of this by one of the dispatches of Mr. Wallace Carroll—an able foreign correspondent of the United Press who has witnessed this War of the Continents in every sphere where fighting is taking place—in which he deals with the problem that stares Britain in the face every time the yell goes up to high heaven for the opening of a second front across the Channel or the North Sea. He tells us:

"It takes 27 ships of 5,000 tons each to carry one British division. Two divisions require more than double that figure because of additional corps of artillery. To move 10 British divisions—a very small force—to the Continent would take 1,500,000 tons of shipping—an amount not readily available. Losses might amount to 1,000,000 tons, not counting those in the warship escort. It is doubtful whether the Admiralty would be willing to pay that price."

It will be noted that Mr. Carroll has put the possible loss in ships at a fairly high figure; this would seem to imply that he does not think Britain's continually growing air power would be sufficient of a protective "umbrella" for such a large movement. He may be right; only the real expert is qualified to judge. But it occurs to us that an invasion plan on a large scale would be detected by enemy reconnaissance planes long before any substantial armada could get under way. What the R.A.F. did to the "invasion barges" in Nazi-occupied Channel ports last year and in the summer and fall of 1940 could, to some extent at least, be duplicated by Marshal Goering's Luftwaffe. Mr. Carroll's figures, however, are informative and are worth keeping in mind.

Dangers of Bickering

EVERY CANADIAN SHOULD MARK well at least one remark to which Archbishop Owen gave fervent expression at the Canadian Club luncheon on Monday. It was this: "The danger that comes from bickering in the face of danger, the danger with which Canada is now faced, alarms me more than any one thing." By way of emphasis His Lordship reminded his audience that this country should persist in a form of government that could be criticized, and no other, but he contended that in time of crisis Canadians should close up their ranks and forget their backbiting.

In his exalted position of Primate of the Church of England in Canada, the distinguished speaker has familiarized himself with what the plain folk are thinking, what they expect to emerge after a world of carnage shall have given place to one in which the wholesome aspiration of all mankind will get an opportunity to develop to fruition. Only by the creation of a new faith while the stress of war is making its exhaustive exactions will the Canadian people be able to prepare themselves to play their part in democracy's new order. Only by the intelligent application of their good sense, by dwelling more on the vast opportunities which still will be theirs, and less on the points of conflict they are emphasizing by their bickerings, will essential unity be established and preserved.

A lamp-post or safety zone have never been known to strike an automobile except in self-defence.

BEHIND THE PLEBISCITE

From Toronto Saturday Night
The simple fact is that the government is trying to retain the support of at least a substantial fraction of the French-Canadian membership in the House in a policy of overseas conscription, made as tolerable as possible to that element by evidence that it is strongly demanded by public opinion throughout Canada as a whole. The anti-plebiscite campaigners are trying to block this endeavor, in order to effect a split between the government and the whole of its French-Canadian support, which would have the effect of making it dependent upon the votes of members of other parties. There is much to be said in favor of a government, call it National or what you will, which is representative of a larger number of political groupings than the present straight Liberal Party cabinet. But we do not think there is much to be said in favor of such a government if it must contain no representation whatever from French Canada.

The suggestion that the government will fail to enact conscription even if the plebiscite favors that course, and that it is therefore a waste of time to vote for it, does not seem to us to be made in entire good faith. There are enough conscriptionist Liberals in the House of Commons to overthrow the government and replace it with a coalition if it attempted any such course, and we have not the slightest doubt that these men, who include several of the strongest members of the cabinet, would refuse to support Mr. King if he failed to enact conscription after a favorable plebiscite. But then we also do not know of any reason for assuming that Mr. King would fail to do so.

Editorial Diary

THIS DUCK AN OLD FRIEND

Return of a friendly greater scaup duck to her usual feeding grounds near Victoria, for the third consecutive year, is reported by the west coast migratory bird officer of the Department of Mines and Resources.

Identification of this bird is made possible by an official numbered band placed on her foot in 1937 by a fisherman. The fisherman makes a practice of feeding diving ducks in a certain area, and after a few weeks the birds come in answer to his whistled call. This duck became so tame that she did not resent handling. Upon her return each year the duck at first shows the customary wariness of the species, but in a short time gradually becomes confident and reaches the point of fearlessness where her friend and protector can pick her up and read the band number.

The greater scaup duck nests in the far north from western Alaska to the west side of Hudson Bay. The wintering ground is on the Atlantic and Pacific coasts of North America and on the Great Lakes. In British Columbia the first autumn migrants are observed in late September and the last of the spring migrants pass through in May.

INSULTS BY FAMOUS PEOPLE

MAX HERZBERG has edited "Insults: A Practical Anthology of Scathing Remarks and Acid Portraits." He begins his chapter on insulting remarks by authors: "Authors proverbially are an irritable genus, prone to quarrelsomeness, vanity, jealousy. Moreover, with the gift for expressing themselves that provides them with a livelihood, it is only too likely that they will make their disputes vocal." Mr. Herzberg goes about his task historically, noting first of all that in the Bible Job exclaims: "Would that mine adversary had written a book." Here are some sample insults members of the literary world, past and present, have let fly or have received:

Bernard Shaw, of course, has consistently pointed out how inferior Shakespeare is to Shaw. In fact, G.B.S. once said: "It would positively be a relief to me to dig him (W.S.) up and throw stones at him."

Dr. Johnson on music: "Of all noises, I think music is the least disagreeable." On lawyers: "I do not care to speak ill of any man behind his back, but I believe the gentleman is an attorney."

Some of the insults have been in verse, such as this anonymous one about the Lake poets: "They lived in the Lakes, an appropriate quarter. For poems diluted with plenty of water."

William Windham said of Thomas Babington Macaulay: "I wish I was as sure of anything as Macaulay is of everything." "Poor Matthew," a friend remarked after Matthew Arnold's death, "he won't like God." Gilbert, of Gilbert and Sullivan, once heard a theatrical manager puffing an actress who was also the manager's mistress. "That fellow," commented Gilbert, "is blowing his own trumpet." Winston Churchill, it need hardly be noted, has a caustic tongue at times. His cousin, Lord Londonderry, asked, "Haven't you read my latest book, Winston?" "No," answered Churchill, "I read only for pleasure or profit."

Back in this country: Elbert Hubbard, entering a Chicago hotel, noticed that the last entry on the register read: "Richard Harding Davis and Man." Hubbard wrote with a flourish: "Elbert Hubbard and Satchel."

Editor Herzberg says it was either Howard Dietz or Robert Benchley who described the Town Crier as "Louisa M. Woolcott."

MORE M.P.'S FOR B.C.?

From Vancouver Sun

The official census, 1941, shows British Columbia population gains are 132 per cent higher than the gains of the three prairie provinces.

Adjustment in parliamentary representation at Ottawa will be made in the near future.

Figures on the population of Quebec are eagerly awaited; as Quebec determines the representation at Ottawa of the other provinces of Canada.

If the population gains in Quebec are substantial it will mean drastic cuts in the number of M.P.'s from western Canada.

The three prairie provinces' total population net gain, according to the 1941 census, amounted to 45,061 compared with a gain of 104,940 for British Columbia.

In the redistribution of federal seats, British Columbia will have a greater number than has either Alberta or Manitoba.

Today, British Columbia has fewest members at Ottawa of any western province—16. Saskatchewan has 21, Manitoba 17, Alberta 17.

Population of western provinces according to official 1941 figures:
Saskatchewan 887,747 Loss 34,038
British Columbia 809,293 Gain 104,940
Alberta 788,396 Gain 56,791
Manitoba 722,447 Gain 34,038

GEMS OF THOUGHT—HONOR

"The surest way to live with honor in the world is to be in reality what we appear to be."—Socrates.

"Be noble-minded: Our own heart, and not other men's opinions forms our true honor."—Schiller.

"Honor to faithful merit is delayed, and always has been; but it is sure to follow."—Mary Baker Eddy.

Parallel Thoughts

See then that ye walk circumspectly, not as fools, but as wise.—Ephesians 5:15.
Life hath quicksands, Life hath snares!—Longfellow.

APPLAUDED, SAYS BBC

London's reaction to the British cabinet shake-up was broadcast by BBC, Britain's official radio. As recorded by CBS, the announcer said in part:

"The changes show that Mr. Churchill is no autocrat but rather that he listens to and abides by the wishes of his constituents. It is possible, however, that more changes will be made as there are many people here who desire a cabinet of three to five men."

"The appointment of Sir Stafford Cripps will be applauded in this country. He is universally credited with one of the best brains in Britain and he is extremely public spirited. He is a first-rate parliamentarian and also a Socialist. The word socialist, however, is far from meaning that he is attached to any special economic theory. He is a British Socialist. After all, Bevin and Atlee are British Socialists, too."

DEFENDING ALBERNI

From Port Alberni Advocate

The enlargement of our local platoon of Canadian Scottish from 30 to 150 men will provide the Alberni District with a measure of the protection which has been badly needed since Japan declared war. A force of that size, well-trained and with an intimate knowledge of the terrain, insignificant in numbers though it may appear, can be made very effective in counter-sabotage and home defence duties in the event of raids in, or an invasion of this section of the island.

WHEREABOUTS REVEALED

From Ottawa Citizen

The Toronto Telegram wants to know what ever became of "our old friend the innocent bystander." Last word we had, he was at the butcher's getting another piece of steak for his eye.

I do not subscribe to or support, directly or indirectly, any agitation which would promote antagonism against my Jewish fellow-citizens.—Henry Ford.

WE SHALL TAKE THE OFFENSIVE

From New York Post

Most important news development was Secretary of War Stimson's declaration that the United Nations intend to embark upon offensive war against the Axis. Secretary Stimson says, without equivocation, without tempering his words, that we shall, in good time, attack the enemy in his own lands. This is a statement of enormous historic importance. It marks the official end of those pacifist and isolationist delusions which have cost freedom half the world. It marks official rejection of the equal delusion of "defence." It is a statement which Hitler will read many times, in sober thought. He has not been afraid of our "defence," which has freed him for action; he is afraid only of attack. Attack must be the next great chapter in this war, and the task of sound Americans is to pray for it, to beg for it, to demand it, to sacrifice for it, and to prepare the public mind and conscience for it.

Too many of us are sitting with our hands folded, waiting for George to win the war.—Admiral William H. Standley, ambassador to Russia.

ST. PATRICK'S DAY

It is still a big day for hearts from the Emerald Isle. We've got cards, favors, 'n' everything.

IF we planned our lives as carefully as we do a trip—no goal would be beyond us.

IF YOUR CHILD EATS POORLY

**Try giving him
New, Improved OVALTINE**

When a child lacks appetite, is thin and nervous, the trouble frequently lies in the food he eats. Certain protecting elements may be deficient in your child's regular diet.

A glass of Ovaltine added to each meal supplements your child's ordinary diet with elements that are needed for healthy development.

New, Improved Ovaltine contains more of Vitamins A, B₁, and D, and the minerals Calcium, Phosphorus and Iron than ever before.

Why not get a tin of Ovaltine today at your drug or food store? See if you do not note an improvement in your child's health after he has taken it regularly for awhile.

MAIL FOR FREE SAMPLE

A Vander Limited, Dept. 39, Peterborough, Ont.

Please send me a free sample of New, Improved Ovaltine and informative pamphlet on its nutritional values. (One sample to a person.)

If you suffer distress from Monthly FEMALE WEAKNESS

Which Makes You Blue, Cranky
NERVOUS—

Modern women should welcome this advice! If you're troubled by cramps, headache, backache, a bloated feeling, nervousness—distress of "irregularities"—due to functional monthly disturbances—try Lydia E. Pinkham's Vegetable Compound! It's helped hundreds of thousands of women during

assembled an interesting exhibition of sketches and sculptures in aid of the Australian Red Cross, which is now open in the former Currie Antique Store, 1013 Government Street, each day from 10 to 5.30.

Miss Peggy Walton, versatile young Victorian, who is well known on the local concert stage, is showing several of her pieces of sculpture, including "West Wind," a vigorous wind-blown figure; "Prayer," a nude in an attitude of supplication; "Vagabond," a mischievous urchin, full of life and movement, and a bust of the late Dean Quainton, which is notable for its robust modelling and life-like character. Miss Walton is also executing lightning portrait sketches during the exhibition.

Miss Helen M. Duke is represented by over 80 of her charming sketches, the majority of them scenes in British Columbia and the Rockies, others from her former home in the Channel Islands, also one sketched in the Black Forest, Germany, and another study of the famous Burnham Beeches, England.

Mrs. Maud Paget is exhibiting a small group of half a dozen pictures in egg tempore, a 19th century medium which retains its color indefinitely.

The exhibition is being staged under the auspices of the local Red Cross and the proceeds will be forwarded to the Australian Red Cross.

Engagements

JONES—DAVIS

Mrs. A. S. Davis, Wellington, B.C., announces the engagement of her second daughter, Mary Josephine, 3229 Irma Street, Victoria, to Lance-Bombardier Lawrence Arthur Jones, eldest son of Mr. and Mrs. A. K. Jones, Northfield. The wedding to take place at St. Mark's Church, Victoria, on Saturday, April 4, at 8 p.m.

JURY RECOMMENDATION

NANAIMO (CP)—A recommendation that all haulage ways in mines be timbered was made by an inquest jury today which attached blame to no one in the death of Alfred Calvin Jr., killed by a fall of rock Feb. 28 in Wellington Mine No. 8 at Timberlands.

Calvin was killed when a slab of rock about eight feet by six and weighing 3,000 pounds, fell without warning and struck him a glancing blow.

such "difficult days." Lydia E. Pinkham's Compound is one medicine you can buy today—made especially for women—to relieve monthly pain and its tired nervous feelings due to this cause. Protest Landlords' Discrimination Against Kiddies

In view of the shortage of homes and taking the stand that young mothers should not be discriminated against as they are among the greatest assets of Canada, the Victoria sub-division of the Catholic Women's League at its meeting Wednesday evening, went on record as "favoring the adoption in Canada of regulations similar to those of Australia, which would make it an offence against the law for a landlord to inquire whether a prospective tenant has a child, or whether it is intended that a child shall live in the dwelling."

Mrs. E. Hornsby presided. Reports were read by the secretary, Mrs. Blair Reid, correspondence report being given by Miss M. Clay, Mrs. P. C. Shaw reporting on finance showed a satisfactory balance also an increase in Canadian League Magazine, the official organ of the Catholic Women's League in Canada. Sympathy was extended to Mrs. J. D. Kissinger in her illness with hopes for a speedy recovery. Mrs. S. Hunter reported on services given to forces at Salvation Army Canteen.

Mrs. F. Ebbs-Canavan reminded the members of the yearly scholarship for social service given each year by National Council of the League and congratulations were extended to Miss M. Clay on her appointment as national convener of scholarship. Mrs. A. Grant, convener of Immigration, reported having given hospitality to three newcomers to the city. Mrs. J. J. O'Brien told of the meeting held recently of Byrne Hope Sanders of Wartime Price Board. Circulars were distributed to members who were asked to co-operate with government.

Bishop J. C. Cody is holding a Lenten study group every Sunday evening after services and members were reminded to make an effort to attend. Mrs. Blair Reid reported she had received acknowledgement from forces overseas for cigarettes sent. On March 17 a St. Patrick's silver tea will be held at St. Louis College, from 3 to 5.30. Mrs. A. Battle as convener. A home cooking stall will be in charge of Mrs. E. Hornsby, Miss H. O'Brien reported for social service.

A letter was read from Father Bradley, acknowledging clothing sent to West Coast Missions, also one from the Salvation Army asking the League's co-operation. Hospital visiting report was given by Mrs. Hornsby, and Mrs. R. Kissinger and Mrs. Rule will undertake this duty for March. Mrs. A. Grant was appointed convener of nominations, assisted by Mrs. J. de Blaquiere and Mrs. F. T. Porter. April meeting will be the annual meeting; conveners were reminded to have reports ready for same.

A.R.P. Asks Parents To Co-operate

Corporal D. W. Taylor of the Provincial Civilian Protection Committee addressed the members and friends of the Monterey Parent-Teacher Association in the Oak Bay Municipal Hall Wednesday afternoon.

He earnestly requested mothers to realize it is their duty to instill confidence in the child that she herself knows exactly what is to be done in case of an air raid, and she should see to it that each child in the home or on the street knows, and knows well, proper procedure at the time. He suggested that it would be wise for the P.T.A. to co-operate with the schools in safeguarding the child. The parents should have full information, and thus gain confidence that their child is as safe as possible in the school, in case an air raid should come during school hours. He warned mothers not to become distracted and try to reach the school, as they would thus disrupt A.R.P. organization and endanger themselves.

The lecture was followed by motion pictures of A.R.P. organization in London.

MONTEREY P.T.A.

The executive of the Monterey Avenue Parent-Teacher Association will hold a "Bread and Butter Tea" April 1, at the home of Mrs. W. R. Gunn, 1251 Victoria Avenue. Portion of the proceeds to St. John Ambulance Nursing Division. Program from 3 to 5.30 p.m. Home cooking.

DOES YOUR NOSE CLOG AT NIGHT? DO THIS

Put 3-purposes Va-tro-nol up each nostril... (1) It shrinks swollen membranes; (2) Soothes irritation; (3) Helps flush nasal passages, clearing mucus, relieving transient congestion.

VICKS VA-TRO-NOL

CORPL. FRANK H. WELLS, formerly of Victoria, and his bride, Miss Sadie Brown, carrying the flower-decked horseshoes "for luck," which were presented to them at their wedding at Church of Christ, Leicester, England, on Jan. 10. Corpl. Wells is the younger son of Mr. Percy Wells, of Derby Road, Saanich, and left Victoria four years ago to join the Royal Air Force. He has been stationed in the west of England with an Overseas Aircraft Preparation unit, preparing Bristol, Beauforts, Blenheims and Beaufighters for service in the Far East. His bride is doing clerical work in an aircraft factory in the Midlands.

Social and Personal

Mr. and Mrs. W. J. Sheppard and daughter, and Miss H. M. Clarke of Coldwater, Ont., and Mr. and Mrs. P. Sangster and son of Sudbury, Ont., are staying at the Empress Hotel.

Mrs. J. H. Macdonald and little son, David, who have been staying with Mr. and Mrs. G. H. Watson, Richmond Road, has left by airplane to join her husband, Lieut. Macdonald, at Halifax.

Mrs. Graham Watson will have as her guest next week Mrs. Nicholas Zaro, who arrived from Australia Tuesday, at the port of San Francisco. The many friends of Mrs. Zaro will be delighted to hear of her safe arrival. Mr. Nicholas Zaro will remain in Australia.

Word announcing their safe arrival in England was received today by Mrs. L. Heller, 2617 Orchard Avenue, from her daughter, Nursing Sister Emily Constance Macdonald, and by Mrs. Frank Buchanan, Uplands Road, from her daughter, Nursing Sister Margaret F. Buchanan. The two Victoria nurses left here a few weeks ago for the east, after being attached to military hospitals on Vancouver Island.

For the marriage of Miss Marion Livingstone to Pilot Officer William Russell Campbell, which will take place this evening, visitors in Victoria include the parents of the bridegroom-elect, Mr. and Mrs. G. H. McDonald of Melville, Mr. and Mrs. Jack Hutchinson of Vancouver, and Major A. McLennan of Nanaimo. Mr. and Mrs. McDonald of Melville will leave this evening on their return to their home on the prairie.

In complimentary farewell to Miss Ruby McGruther, who will leave towards the end of this month for Montreal to make her home, Mrs. Robert Stark entertained Wednesday evening at her home on Blackwood Avenue. On behalf of a few friends the hostess presented Miss McGruther with a handsome purse. Others present included Mrs. G. Lomas, Mrs. A. Bell, Mrs. E. Keatley, Mrs. H. A. White, Mrs. P. Dallin, Mrs. E. Hume, and Mrs. J. Steen of San Francisco.

Miss Isobel Nicholls, whose marriage to Mr. Gordon Ronald Gilton will take place on Saturday evening, was the guest of honor at a luncheon party given today by her associates in the B.A. Paint Company in the girls' luncheon room at the plant. The honored guest was presented by Miss Wendy Perkins, on behalf of the guests, with a fire screen and she was also made the recipient of a cheque from the employees of the company. The luncheon table was attractively arranged in St. Patrick's Day colors, with daffodils and plum blossom for floral decoration. The place cards were unique, being small baskets of gumdrop flowers. There were 26 guests present.

Coast Brigade W.A. Raised \$1,761.41 For Comforts

Since its organization a year ago, the Women's Auxiliary to the 5th (B.C.) Coast Brigade has raised \$1,761.41 for the men of the regiment now serving overseas, and for assisting the families of brigade members, and visiting them and cheering those confined to the hospital. Parcels numbering 354 had been sent, as well as 1,000 cigarettes to each man, and from the acknowledgments of these gifts received here, no parcels seem to have been lost in transit.

This was revealed in the report presented at the annual meeting Wednesday afternoon at Signal Hill, Mrs. J. Allan Fraser presiding. It was further noted that auxiliary members had made over 400 knitted articles, and a gift of 96 knitted articles, together with a cheque for \$150 to be expended in comforts, was gratefully received from Mrs. E. W. Hamber, honorary president.

OFFICERS CHOSEN

Mrs. George Elliott was elected president, Mrs. Aubrey Kent, first vice-president; Mrs. T. McGimpsey, second vice-president; Mrs. Arthur D. Morris, secretary, and Mrs. Cedric Jarvis-Read, treasurer. Mrs. Fraser, the retiring president, was presented with a bouquet of flowers in appreciation of her able leadership.

Major H. McIntosh, on behalf of Lieut. Col. V. McKenna, tendered the thanks of the brigade to the auxiliary for their ever-ready assistance. At the close of the meeting tea was served in the men's mess.

William Jenkins, Mr. and Mrs. R. Kipling, Inspector and Mrs. S. F. M. Moodie, Mr. A. T. Morrison, Dr. and Mrs. S. Murray, Mrs. J. Rogers, and Miss E. Southcott, Vancouver; Mr. and Mrs. Roy Thexton, Port Alberni; Mr. and Mrs. H. Waterfield, Cumberland; Dr. and Mrs. H. N. Watson, Duncan; Miss Isobel White, Vancouver; Dr. J. R. White, Princeton, and Mr. and Mrs. W. Roper, Nanaimo.

Mrs. J. W. Hair of Saskatoon is visiting in Victoria, the guest of Miss I. M. Chisholm, Woodstock Street.

In honor of Miss Margaret McMillan, whose marriage to Mr. Stephen Fedun will take place Saturday evening, Mrs. James McMillan, Myrtle Street, assisted by Mrs. J. McMillan Jr., held a miscellaneous shower Tuesday evening. The guest of honor sat under an archway, from which was suspended a white bell, with streamers falling to a miniature bride and groom which stood beside the chair. Miss McMillan and her mother were presented with corsage bouquets of heather, carnations and hyacinths tied with tartan ribbon, and the gifts were drawn in on a wagon decorated in green and yellow and filled with many gifts, by little Malcolm McMillan. Prizes were awarded for bingo and other games. A buffet supper was served from a table centred with tulips, daffodils and narcissi in a crystal bowl and lighted by pale yellow candles. The guests included: Mrs. Agnes McMillan, grandmother of the bride-to-be; Mesdames Jack McMillan, T. Mawhinney, A. Munday, D. McMillan, F. Peach, Griffin, J. Leiper, A. McMillan, Louise McMillan, H. Reed, J. Woods, Lillian McMillan, W. Rhodie, W. Campbell, A. Kennedy, D. McCaig, Archie McMillan, E. Parkes, S. Matthews, Charles McMillan, Hector McMillan and Misses Helen and Agnes McMillan, Margaret Leiper, Gladys and Shirley McMillan and Master Malcolm McMillan.

Out-of-town members of the St. John Ambulance Association attending the annual meeting of the provincial branch at Government House Wednesday evening were: Miss Florence Aitkens, Ganges; Mr. and Mrs. George Baal, Sidney; Mr. F. H. Bates, North Vancouver; Miss Emily Barlow, New Westminster; Mr. and Mrs. A. Bennett, Chemainus; Mrs. Peter Brodie, Ganges; Mr. and Mrs. F. J. Burd, Mr. and Mrs. Samuel Cain, Vancouver; Mrs. H. W. Cannon, Nanaimo; Mrs. G. R. Chambers, Vancouver; Mr. and Mrs. A. E. Craig, Chemainus; Mrs. G. E. B. Daniel, Nanaimo; Dr. Isobel Thomas Day, Vancouver; Mrs. F. Ells, Kamloops; Mr. R. F. Filberg, Comox; Mrs. F. Forsythe, Nanaimo; Mr. J. Fyfe-Smith, Vancouver; Mrs. J. C. Garvie, New Westminster; Mr. J. E. Hanna, Duncan; Mr. and Mrs. G. R. Kell, New Westminster; Mr.

Grannies, Over 80, Making Airplane Parts in Britain

By RUSSEL LANDSTROM
LONDON (AP)—At a time when most octogenarians are spared as much of the rigor of war as possible, some half-dozen women—the eldest of them 85—are working in a Midlands factory helping make small parts for airplanes.

They're known to their fellow employees as "The Grannies." Their grit and stamina are a quiet inspiration to all. They work eight-hour shifts, six days a week, and not infrequently put in a half-day extra.

NO SPECIAL PRIVILEGES

Special privileges? None would affront these women now by suggesting favors merely because of their age. Their performance has been described as altogether acceptable and at times distinguished considering their years. Far down the succession of calendar years there now are rising up in aircraft production groups of young girls who, reckoning by age, might be great-granddaughters of the grannies.

And between these extremes, there is ample evidence that Britain is relying increasingly on the staff side for a variety of aptitudes in plane manufacture and kindred industries.

Excellent sources said it has been established that women could do 80 per cent of work in aircraft factories. The Ministry of Aircraft Production has said women actually are doing 50 per cent of the work in many engine plants.

GIRLS ASSEMBLE ENGINES

It is a common sight these days to see one woman operating a half-dozen or more semiautomatic machines, and factory visitors see girls virtually assemble engines.

The girls seem to have inexhaustible reserves of cheerfulness, forbearance and ruggedness under their femininity.

Women test planes to determine the effect of atmospheric conditions on new craft. They serve in aeronautical inspection departments getting preliminary

training before going to factories for inspection of parts. Hardly less responsible is the repair end, which likewise has brought commendation to the women.

From the radio field, laundries, various peacetime goods factories, and a great variety of quasi-technical occupations, girls and older women have come to the aircraft production.

Most of them remain anonymous. Even when a woman herself is a pilot, the public may be a long time hearing about her.

Such a woman is Mrs. Aubrey Burke, 32-year-old granddaughter of the first Lord Aberconway, and mother of two small daughters.

Formerly a maker of model airplanes, she is manufacturing plane parts requiring extraordinary accuracy. She is an engineer with unusual qualifications and familiar with every operation of her factory.

At the beginning of 1942, 37,339 men and women were employed in aircraft production in Canada. Of these 30,287 were working in manufacturing plants, 5,040 were engaged in repair and overhaul, and 2,052 on various sub-contracts.

Do You Feel Nervous And All on Edge?

People suffering from loss of appetite and run-down condition with symptoms of nerve strain, often need a nerve and general tonic. Glycero Leithin with Vitamin B (1) supplies tonic ingredients. It is especially beneficial for convalescents. By increasing the supply of Vitamin B (1) in the system, appetite is improved and the system thereby built up to normal, if the loss of appetite was due to a deficiency of Vitamin B (1) in the diet. \$1.00 at all Cunningham Drug Stores and other drug stores. (Adv. OC-1)

Second Well-Baby Clinic Planned

Plans were made for the establishment of a second "Well Baby Clinic," to be held every two weeks in the V.O.N. offices at 1234 Pandora Avenue, at the V.O.N. board meeting Tuesday afternoon at the home of Mrs. George Hall. Mrs. R. B. Horton, the president, was in the chair.

The second clinic is being started as a convenience to the mothers with babies who live nearer the Pandora centre than they do to the City Hall, where the present clinic is held. An appeal was made for baby scales for this purpose, and members of the committee were asked to locate one if possible.

In a total of 1,056 visits made by the nurses in the month of February, 243 were new cases, according to the report of the supervisor, Miss A. Creaser. Communicable disease patients numbered 180, there were 136 calls to mothers and babies, eight to cancer patients, 310 to chronics and 291 others. Health supervision totaled 129 calls, and there were 15 night calls. Four well-baby clinics were held with an attendance of 99 and there were six home-nursing classes.

A brief summary of Dr. Petts' lecture on nutrition was given by Mrs. E. Mallek, who stressed the importance of an adequate diet. Mrs. Richard Felton gave an interesting report on the anniversary celebration at the Y.W.C.A.

Lenten sewing and the making of emergency dressings followed the business meeting.

ran's Pavilion, asked for donations of worn linen, brown paper, newspapers, safety pins, etc., to be used in making dressings, so that a supply may be on hand at her point, also at the point being established at the home of Mrs. Gott, Gordon Road, off Walema, Mr. McRoberts in charge.

Mrs. Hoyt was the winner of the contest held by Mrs. C. H. Spicer, Mrs. Squire served tea, assisted by Mrs. Ross. The next meeting will be held at the home of T. W. Wain, Jersey Road, April 14.

QUEEN MARY and her youngest grandson, Prince George, photographed since the war, the Queen Mother is shown with the baby son of the Duke and Duchess of Gloucester, after the recent christening ceremonies in a private chapel somewhere in England.

Clubwomen's News

The Esquimalt Community Club met recently in the United Church House with Mrs. R. Mc-

Die presiding. Mrs. R. Boyle reported 42 sick visits had been made to the St. Joseph's and Jubilee Hospitals, also flowers being sent to army and naval hospitals. Mrs. L. Horne reported that the Esquimalt Cenotaph had been decorated regularly. Mrs. Jennings told of the wool comforts for our members serving overseas. More knitters are asked to get in touch with the conveners to aid in this work. A social evening for cards and games will be held at the home of Mrs. B. Derry, St.

Ann Street. The meeting closed with serving tea.

The L. H. Hardie Circle of the King's Daughters met at the home of Miss Lucile Mackay, Chamberlain Street, Tuesday, with Miss Doreen Maynard presiding. Miss Ina Haikala was welcomed as a new member. It was planned to hold a birthday party for the Circle's adopted child of the orphanage in April, also to provide her with spring clothing. It was decided to send more parcels to soldiers overseas. A report was made of the recent successful social. The annual daffodil tea of the King's Daughters will be held Wednesday afternoon, March 13, at the home of Miss Agnew, Rockland Avenue. The next monthly meeting will be held Tuesday, April 14.

Women of the Moose, Victoria Chapter No. 25, met Monday, Senior Regent Mrs. D. Fairhurst presiding. War Relief chairman, Mrs. H. Francis, reported a number of articles finished and returned to the Red Cross, together with a donation of \$25. Six pairs of children's bedroom slippers made by Mrs. M. Pearce from used felt hats will be given to the Bundles for Britain, and Mrs. Pearce asked for further donations of old felt hats for this purpose. For the chapter's 21st birthday anniversary, a banquet will be held in the K. of P. Hall March 23, at 6, with Mrs. A. Hatcher as convener, assisted by the escorts; members wishing to attend to get it touch with Mrs. Hatcher as soon as possible. At the home of Mrs. M. Groat, 1247 Johnson Street, on Tuesday evening, March 17, Mrs. A. Bird will hold a St. Patrick's party, proceeds to send cigarettes to boys overseas. A posture contest was held under the supervision of Mrs. A. Hatcher, with Miss D. Guelpa and Mrs. B. Hynes assisting. Nineteen contestants took part and prizes were presented by Mrs. Hatcher to the winners, Mesdames J. Sage, L. Morgan and V. Greenwood; a gift was also presented to Miss D. Guelpa. The mid-winter conference of the Loyal Order of Moose will take place on March 21 and 22 at Mount Vernon, Wash. At Vancouver recently the Grand Governor, Lawrence Groves, conferred the friendship degree on Miss D. Guelpa and Mrs. J. Reed, who were afterwards among the guests at the dinner in the Vancouver Hotel.

Many women are delegates and thus members of the Supreme Soviet or National Union Parliament of New Russia. They are members because they have been elected under the universal suffrage system with the secret ballot in the same manner as their menfolk are elected. They hold high offices—high executive offices in Russia, such as deputy-commissioners. They control trusts, which, paradoxically perhaps, is an oft-used word in the Soviet Union. They manage departmental (state controlled) stores, banks, factories, all sorts of branches of the Commissariats or Administrative Ministries.

They even serve as skippers on ships, and assume every post known to men of the merchant marine services in other lands. An attitude of mind of Russia's leaders that has caused the Union's vast populace of women to work is that it confers upon them the fullest measure of freedom and independence. Working women are said to be independent financially, economically and socially.

virgin and scrap metal or from scrap alone. In peacetime, Canada's electrical industry was the heaviest customer for copper, using some 70,000,000 pounds a year. But orders issued by Supply Controller Alan H. Williamson have placed stringent restrictions on manufacture of many electrical appliances and the new instructions, by restricting supply of raw materials, will still further curtail production of nonessential electrical goods.

Women of Russia Equal With Men For Equal Toil

TORONTO (CP)—Women of the Union of Soviet Socialist Republics have played a formidable role in the Battle of Russia, said a writer who spent years in that country.

That must be assumed as under the provisions of the Union's constitution the status of men and women have been equalized to an extent probably not known in any other land. They enjoy the same privileges, but accept the same responsibilities as their menfolk.

They vote. They play, dance, drink, smoke, go to the theatre at the expense of the state, and when they give birth to children the state looks after mother and child. But they must work.

Russia being a socialized state has long adopted as one of its many national slogans: "He who would live must labor; he (or she) who would idle must perish." Stalin enunciated it some years ago with the advent of Russia's colossal First Five-Year Industrial Plan. Hundreds of thousands of able-bodied Russian men and women were without employment when that program opened. Within a few months of the declaration of the new national employment policy only a few thousand citizens—mostly misfits—were not usefully employed.

WORK SIDE BY SIDE

Thus you will see anywhere you travel in the U.S.S.R. men and women working side by side, in factories, workshops, offices and on the collective farmlands. As a rule girls receive pay equal to that of their menfolk. They belong to the same communal club as their husbands, their brothers and their sons. They enjoy some latitude in selecting the types of labor or employment best suited to their capacities and are almost invariably assigned to lighter tasks than those shouldered by men unless they volunteer for heavier work, which frequently happens. Otherwise, there is complete equality.

Women workers are prominent in the large state-controlled factories created under the terms of the first Five-Year Industrial Plan, the great Tractorstroi at Stalingrad, at the foot of the Volga River, the replica of Ford's motorcar plant at Gorky, at another point on the Volga, and other factories working full time with three shifts a day.

One sees women, young and old, perched precariously atop scaffolding, swinging steel cranes, bearing molten metal amid the roar of blazing blast furnaces. They place wheels on tractors, fit ball-bearings into mechanical devices of motorcars, making packing cases, shoes, haberdashery.

On the large collective or co-operative (state-owned) farms, organized under the provisions of the first and second Five-Year Plans women and girls work in the fields, tilling the soil, gathering potatoes, fruit and all the products of the farmland. Likewise in offices they are to be found in every sphere of the state's civil or clerical service.

Many women are delegates and thus members of the Supreme Soviet or National Union Parliament of New Russia. They are members because they have been elected under the universal suffrage system with the secret ballot in the same manner as their menfolk are elected. They hold high offices—high executive offices in Russia, such as deputy-commissioners. They control trusts, which, paradoxically perhaps, is an oft-used word in the Soviet Union. They manage departmental (state controlled) stores, banks, factories, all sorts of branches of the Commissariats or Administrative Ministries.

They even serve as skippers on ships, and assume every post known to men of the merchant marine services in other lands. An attitude of mind of Russia's leaders that has caused the Union's vast populace of women to work is that it confers upon them the fullest measure of freedom and independence. Working women are said to be independent financially, economically and socially.

Golfers Make Merry At Dinner Dance

Nineteenth hole "post-mortems" were favorite topics over the dinner tables at the Empress Hotel Wednesday evening when the midweek dinner dance arranged in connection with the annual Empress golf tournament drew about 250 guests. Out-of-town golfers participating in the tournament and many Victorians dined and danced with evident enjoyment, and applauded the excellent floor show.

The Burnettes and Valley and Kynne, lissome dance teams from Hollywood, demonstrated their art in several delightful numbers. The Burnettes first appeared in the graceful waltz number, "Karabali," and a spirited South American "Samba," and later in the evening agilely danced "Taps in Ballet" and "Spinning Taps." Valley and Lynne's numbers included the marionette-like "Fugitives from Toyland" and an up-to-the-minute novelty tap, "Tele-tap."

Among the larger parties Mr. and Mrs. J. K. Hodges had as their guests the Premier and Mrs. John Hart, Air Commodore and Mrs. L. F. Stevenson, Major and Mrs. Stuart Kenning, Mr. and Mrs. C. E. Wilson, Mr. and Mrs. E. D. Todd, Mr. and Mrs. H. C. MacFarlane (Winnipeg), Mrs. H. F. Crowe, Mr. J. J. Holroyd and Miss Phyllis Holroyd (Montreal).

Other parties arranged were Mr. A. M. Kirk with 10, Mr. and Mrs. Rutherford 12, Mr. W. Erickson 12, Mr. R. M. Williams 10, Mr. and Mrs. A. DesBrisay (Vancouver) 10, Dr. Fowler (Astoria) 8, Mr. and Mrs. W. G. Crawford, Mr. H. Plummer (Vancouver) 8, Mr. Paul Glaser (Seattle) 10, Mr. and Mrs. Eastburn (Vancouver) 8, Mr. and Mrs. F. Whaley (Seattle) 6, Mr. and Mrs. F. G. Wolfe (Edmonton) 8, Mr. and Mrs. A. Schmidt 7, Lieut. Stasberry 10 and a no-host party of 24.

I shall fight for man, against man's enemies—but against myself as well—Antoine de Saint-Exupery.

War Prisoner Studies for Job

It takes more than the confines of a German prison camp to stop the progress of at least one Victoria born army prisoner, according to a letter received by W. A. McAdam, B.C. Agent-General in London from Lieut. H. R. Horne, who up to his departure for England in 1938, lived with his parents at 2713 Cavendish Street here.

CONTINUES STUDIES

According to his letter, the former Victoria man is already preparing for the postwar job of rehabilitation, studying agriculture, veterinary science and taking a general educational course furnished by the Red Cross.

Educated at Oak Bay High School and Victoria College, Horne went to England in the summer of 1938 and subsequently joined an Officers' Training Corps there. He was given a commission in December, 1940, and saw service with the Mediterranean Expeditionary Force, being taken prisoner of war at Crete in June, 1941. Judging from letters received by his family here and by the agent-general in London he is well and making good use of his enforced idleness.

LATEST LETTER

His latest letter to Mr. McAdam follows:

"Received yours of Oct. 1 and Oct. 17. Thank you very much for books. My father will welcome your letters, I'm sure. Red Cross, am very short of socks, razor blades, tooth paste and shaving soap. This true of everyone here. Have met Catharall, Shorrock (another Victorian) and Featherstone, R.A.F.

Cleans Faster with Safety!**

Discover for yourself the amazing ease and speed with which you accomplish your daily cleaning when you use New Improved Old Dutch. That's because the new speed ingredient dissolves grease like magic, giving you double-action cleaning that ends hard scouring and elbow-fag.

As always, New Improved Old Dutch is safety itself. It DOESN'T SCRATCH because it's made with flaky Bismuthite.

Ask for New Improved Old Dutch at your grocer's today. There's no change in the familiar package or label—the difference is all inside.

First Governor Had Hard Time In Victoria

The British Columbia Historical Association, Victoria section, met in the Provincial Library, Wednesday evening, to perpetuate the memory of the first governor of Vancouver Island, Richard Blanshard. On March 11, 1850, Richard Blanshard read to the small gathering of residents of Fort Victoria, his Royal Commission appointing him governor and commander-in-chief over Vancouver Island. This event marked the inception of British rule in the Pacific northwest and by it the squatter rights of a fur trading company were transferred into the nucleus of a British colony.

In the course of an informal address on "Richard Blanshard, Governor," Willard E. Ireland, Provincial Archivist, described the events which led up to the organization of the Crown Colony in 1849 and of the peculiar conditions which faced the new governor upon his arrival at Fort Victoria, March 9, 1850. At that time, Blanshard was in his 32nd year and had had no previous experience in the colonial service. His appointment had been the result of a compromise, for the Hudson's Bay Company had originally intended that the first governor should be their representative, James Douglas. From the outset there was considerable friction, for the governor received no salary, the house which was to have been provided for him was months in building and the cost of living in Fort Victoria was excessively high.

Reference was made to the early visit of the Governor to the adjacent American territory, for within a fortnight of his arrival, Blanshard on board H.M.S. Driver, paid a visit to W. F. Tolmie at Fort Nisqually and while there went on to visit the American military post at Stellacom. Extracts were read from letters of several contemporaries giving their impressions of the new governor.

FOUNDATIONS LAID

Despite Blanshard's short tenure of office he had resigned within eight months of the time of his arrival, and in all resided in the colony only 17 months—nevertheless his regime was of great significance, by virtue of the fact that the foundations were laid. Under his guidance the first coroner's inquest was held, the first marine inquiry conducted, and the first civil magistrate appointed. In addition, his final act as governor, was to appoint a Legislative Council, which was the first step in the long struggle which was to culminate in the introduction of responsible government in 1871. The major issue of Blanshard's administration was the Fort Rupert incident, involving at first a labor dispute, between the Hudson's Bay Company and their miners, but later the more serious problem of the murder of deserting seamen by the Newitee. The events brought to light the impossible situation in which the royal governor found himself placed—all virtual power was in the hands of the fur trade company.

Governor Blanshard left Vancouver Island early in September, 1851, a sadly disillusioned man, and considerably the poorer for his experience. Very little was known of his later career, except for two public appearances in 1857. He appeared to have lived the life of an English country gentleman and made no further efforts to serve in the colonial service. Because of the longer career and greater stature of his successor as Governor, James Douglas, history has tended to overlook the significance of Blanshard's contribution. In conclusion, Mr. Ireland stated, "Richard Blanshard laid the foundations. His successors built thereon and received the plaudits of posterity."

At the conclusion of the address a number of slides were shown depicting life in early Victoria. In addition a number of relics relating to Richard Blanshard were on display, including the parchment Royal Commission and his original dispatches.

LANGFORD

Under the auspices of the Langford-Colwood branch of the A.Y.P.A. a talk on Denmark was given by Mrs. G. Downes in the Legion Hall on Tuesday evening. Miss R. Corbould, R.N., of the Esquimalt Rural Nursing Service, conducted a clinic for babies and preschool children at the home of Mrs. John Henry, Island Highway, Tuesday afternoon.

Silver-plated sugar bowls, candy dishes, platters and many other table articles in which tin is a major component will probably be unavailable for the duration as more and more tin is required for war production.

BAPTISTS HOLD UNITED MISSION

Commencing Sunday and continuing for a week a united mission will be held in Victoria, sponsored by the First Baptist and Emmanuel Baptist Churches.

Rev. J. L. Sloat, B.A. B.Th., of the Olivet Baptist Church, New Westminster, will be the campaign speaker, and Victor Stroud, gospel radio singer, will have charge of the musical part of the services. The choirs of the two churches will combine for this event.

Congregations of both churches, together with their pastors, Rev. G. A. Reynolds and Rev. Wilfrid L. McKay, have been holding special weekly sessions of prayer and cottage prayer services have been held in various districts throughout the city. Friday evening the final cottage meetings will be held in the following homes: Mr. and Mrs. W. W. McGill, 1170 Tattler, Mr. and Mrs. T. N. Ritchie, 40 Government; Mrs. Rogers, Suite 6 De Cosmos Apartments, 1189 Yates; Mr. and Mrs. H. T. Zala, 2206 Lydia.

Canada now produces army mechanized transport of all kinds from load carriers to dental equipment lorries, and from fuelers to field artillery tractors. There are 90 different bodies on 12 chassis.

WOOLLCOTT IMPROVES

ALEXANDER WOOLLCOTT, actor and critic, is reported at University Hospital in Syracuse, N.Y., as having passed a crisis in his serious heart ailment. His physician said Woolcott showed "great improvement in his general condition during the past 24 hours, but he has been a very sick man."

PAPAL AUDIENCES

POPE PIUS XII, apparently fully recovered from a recent attack of influenza, has resumed public appearances at the Vatican. Wednesday he received 300 young married couples and 2,000 other persons.

HEADS METALLURGISTS

ROBERT A. BRYCE of Toronto Wednesday was inducted as president of the Canadian Institute of Mining and Metallurgy at the 46th annual general meeting in Toronto. Vice-presidents for the coming year include Dr. JOHN F. WALKER, deputy minister of mines for British Columbia.

HEADS COMMITTEE

DR. G. F. AMYOT, provincial health officer for B.C., has been elected chairman of a B.C. provincial nutrition committee, one of four set up in the western Canadian provinces, announces Dr.

L. B. Pett, director of nutrition services in the pensions and health department, who has just returned to Ottawa from a 10,000-mile tour of western Canada. Dr. Pett said his trip laid the foundation for co-ordination of all nutritional efforts in western Canada.

JAP INTERRED

VISCOUNT HISAKIRI KANO, former manager of the London branch of the Yokohama Specie Bank, has been detained under an internment order. In an interview Kano was quoted as charging the British government statement regarding atrocities at Hongkong was propaganda and that he didn't believe it. So far, the British government has made no general internment order for Japanese nationals, but has dealt with cases on an individual basis.

'CANADIAN SOUL'

PREMIER GODBOUT said in an address in Quebec Wednesday that when Canadians "understand what a country really is, we will have a country which perhaps will be happier than it is today. We must create a really Canadian soul."

"Look at the Russians today. They are fighting because they understand what a country is. They have a real love for their country."

Workers Instructed In Bomb Technique

How to deal with bombs dropped in an air raid was explained to staffs of the Daily Colonist at a meeting in the Colonist building Wednesday by Deputy Fire Chief J. A. Raymond.

Arrangements were made to

form combat squads for each shift of workers and their duties outlined with a view to minimizing damage by incendiary and demolition bombs. Insp. A. H. Bishop, Chief Civil Protection Officer, also addressed the workers asking them to take all necessary steps to protect their homes in the event of an air raid.

Conscription History

By ELMORE PHILPOTT
Conscription and democracy are inseparable in war. Indeed, it is only since the development of democracy as we now have it

WASHED OUT?

Maybe This Is Cause Of Your Lack of Pep

DR. WILLIAMS' PINK PILLS

that conscription has been used by modern nations.

There was a rough-and-ready local conscription applied by the American colonists in their war of revolution against George III. Conscription saved the new-born French republic time and again when the signal ran throughout France: "Pays en danger."

In the war of 1812 the Americans used a certain form of conscription. The Canadians used the Militia Act, which made every able-bodied man liable for military service.

In the war between the states the South got the jump on the North. One reason for the early success of the men in grey was that they were mobilized more fully under compulsion than were the men of the North.

The time came when Lincoln had to say this:
"We must somehow obtain more (men) or relinquish the

original object of the contest, together with the blood and treasure expended in the effort to secure it. . . Shall we shrink from the necessary means to secure free government? Are we degenerate? Has the manhood of our race run out?"

Lincoln's answer was the local conscription plan, whereby the draftee had the option of obtaining a substitute. Under this ingenious arrangement many thousands of Canadians received cash payments, running into some hundreds of dollars, to fill the ranks of those drafted who chose to pay to stay at home.

ENGLAND FIRST AND LAST

Britain raised over 5,000,000 men by voluntary enlistment in the last war before she applied conscription. Her record per capita has never been exceeded by any nation—with the possible exception of Australia.

Conscription was against the age-old tradition of Britain—yet she had to come to it just the same. For the lesson of all war is this: You must meet the

foes mobilized by the enemy by stronger forces or go under. You must match strong moves by stronger moves.

Britain was the last of the great powers to accept conscription, but I doubt that one citizen out of 25 would now vote to go back on the catch-as-catch-can method—even if that were possible, which it is not.

LINCOLN FOUND OUT

Delving into the outline of conscription history I came on one significant fact. Lincoln had 861,000 men under arms before conscription was applied. Conscription raised that net figure by 120,000. But meanwhile "voluntary" enlistments went away up, and kept up.

In other words, the boys back in the sixties said just what they have said in every country similarly situated: "If I am likely to have to go anyway I might as well go now as a volunteer."

It is interesting to note Canadian experience in the last war; also the figures for enlistments when conscription talk was at its height a month or so ago.

Shock To Ottawa

Arrange State Funeral For Senator Leader

OTTAWA (CP) — Plans are being made today for a state funeral in Montreal Saturday for Senator Raoul Dandurand, 80, government leader in the Senate and close associate of Prime Minister Mackenzie King for more than 20 years, who died suddenly Wednesday night in hospital.

Senator Dandurand spoke in the Senate only Tuesday night, but was taken to hospital Wednesday morning suffering from what was believed to be an attack of lumbago. His physician, Dr. F. W. McKinnon, said death was thought to have been caused by a hemorrhage into a cyst of the pancreas.

Mr. King was deeply affected by the loss of his constant colleague since 1919. When the Prime Minister chose his first cabinet in 1921, Senator Dandurand was the first minister sworn in. Except for Mr. King himself, he was the last surviving member of that administration. He was summoned to the Upper House in 1898.

It was not considered Dandurand's condition was serious, despite his advanced years.

The senate leader, named to the Imperial Privy Council only last July, arose Wednesday morning feeling well, Dr. McKinnon said, but while at breakfast took suddenly ill and suffered "shock and pains."

The death occurred so suddenly that only nursing sisters, a hospital doctor, his personal nurse, Miss Germaine Poirier of Montreal, and his son-in-law, de Gaspé Baubien, were at his bedside. Prime Minister King arrived at the hospital a short time later.

HONORED

Senator Dandurand recently was guest of honor at a senate function at which he was presented with a bust of himself as a token of esteem and affection. The ceremony was to have been held on his 80th birthday last November 4 but was postponed until after the New Year.

Senator Dandurand was senate speaker from 1905 to 1909. Upon formation of the King administration in 1921 he was appointed a member of the cabinet as minister of state and representative of the government in the senate until 1930. He was re-appointed in 1935 when the King government came back in power.

Always a firm believer in the League of Nations, Senator Dandurand represented Canada at several of its meetings and was president of the sixth assembly of the League at Geneva in 1925. When he was appointed to the Imperial Privy Council he became one of three members of the then Dominion cabinet to hold that honor, the others being Mr. King, and Justice Minister Lapointe who died last autumn in Montreal.

Senator Dandurand was born in Montreal, the son of Oedipe Dandurand and Marie M. Roy. He was educated at Montreal College and Laval University and was received at the bar in 1883. Four years later he was named Queen's Counsel.

LEGION OFFICER

Senator Dandurand became a Knight of the Legion of Honor

SENATOR DANDURAND

In 1881, an officer of the Legion in 1907, a commander in 1912 and a grand officer in 1935. In June, 1938, he was elected a member of the Institut de France, Académie des Sciences Morales et Politiques.

He was president of the Montreal City and District Savings Bank, president of the Fire Insurance Co. of Canada, and a director of Sun Life Assurance Company.

He was joint author of a treatise on criminal law and a manual for justices of the peace.

Early in life Senator Dandurand was appointed an arbitrator by the president of the United States under the terms of a treaty of peace with the Republic of Brazil. He also served as royal commissioner on education in the province of Quebec in 1910. He represented Canada at the unveiling of the monument to Montcalm in France in 1909.

The excellent health Senator Dandurand enjoyed was due to the regularity of his habits. He liked to retire at the same hour every night and to rise at the same hour every morning. It was rare that he permitted any variation.

Senator Dandurand was a distinctive member of the Upper Chamber with his abundant white hair and his white, square-cut beard. He spoke both French and English fluently, using a slow, precise delivery in either language.

Through his long career in politics, the Senator espoused with vigor the causes which he believed to be to the general advantage of Canada and the rest of the world.

In the debates of the Upper Chamber he was always courteous and considerate of views opposed to his own.

In 1886 he married Josephine Marchand, daughter of the late Hon. F. G. Marchand, one-time premier of Quebec. She predeceased him in 1925, and their only daughter, Mme. de Gaspé Baubien, died in 1933.

KING'S TRIBUTE

Paying tribute to the dead senator, Prime Minister King said: "Throughout all these years, since I took over the leadership of the Liberal Party, he and I have worked together in closest co-operation, much in the same manner as Mr. Lapointe and I

worked together. Senator Dandurand was leading the Senate while I was leading the House of Commons.

"I could not have had a closer or more loyal friend—both political and personal—than Senator Dandurand has been during this entire period."

Senator Dandurand was the last surviving senator appointed by Sir Wilfrid Laurier, the Prime Minister said. He was the fifth oldest Canadian privy councillor having been sworn in in 1909.

"Probably no other Canadian had so many friends outside Canada as had Senator Dandurand," Mr. King said. "He took a lively interest in international affairs and had a great faculty for attracting to him men prominent in other countries who loved to converse with him on world problems."

"This was particularly evident when he was president of the League of Nations."

"The death of Mr. Lapointe and Senator Dandurand so close together was a severe loss to Canada but particularly to the province of Quebec," said Mr. King.

Finger Nails Are Shorter

Beauty and smartness in your hands depend less these days on a long tapering nail, more on the shape and gleam and subtlety with which your manicure says, "She leads a busy life—she is quick, clever and charming in everything she does."

Shorter nails are stressed by outstanding specialists. Forced glamour tips, extending 'way beyond the natural edge of the finger, they say, soon will be out for the duration. More emphasis is given to the natural shape of the nail, which expresses pride in the hand's character and usefulness as well as in its grace. Glamour, in a word, is no longer enough.

Not that glamour is out. With shorter nails in vogue your hands

What a Life!

John is lonely. John is sad. No friends has John, which is too bad. John perspires—(he must, to live.) But John offends—friends can't forgive.

Both tonight with LIFEBOUOY
The ONE soap especially made to prevent "B.O." (Body Odor)

need not less, but better, care. Artful grooming is essential. More than ever you need to know your own hand type and the little tricks and sound manicure procedure which both accent the hand's personality and minimize its imperfections.

Vivid Prints Accent

Blouses and matching turbans of vivid prints will give color and dash to your plain dark suit. A New York specialty shop displays them in hand-blocked, hand-screened rayon crepe in splashing, tropical flowers or paisley print. Blouses have flattering deep neck line, full sleeves, turbans wrap snugly and flare skyward atop the pompadour.

The day lily, four o'clock, evening primrose, cequy plant, morning glory, evening star and night-blooming cereus, all mention time in their names.

Life Insurance Firms Aid Loan

MONTREAL—Life insurance companies operating in the Dominion subscribed over \$135,000,000 to the new Victory Loan.

The Canadian, British and United States life insurance companies in Canada have been the largest single subscriber to each one of the Dominion's war loans. Today their war loan investments exceed the total increase in their assets in Canada since the war began.

In an interview today, G. W. Bourke of Montreal, president of the Canadian Life Insurance Officers' Association, said that the grand total now subscribed by the companies to help finance the purchase of tanks, planes, ships, guns, munitions and equipment for Canada's fighting services approximates \$300,000,000.

The war service of the life insurance companies is not to be measured in dollars alone. In this last Victory Loan campaign, as in the one that preceded it, life insurance companies made their entire sales forces available to the government. Apart from the War Loan life insurance managers and executives have undertaken very important work in the sale of War Savings Stamps and Certificates.

"In war loan subscriptions, as in this war work," Mr. Bourke concluded, "our member companies have striven to reflect the patriotic impulses of their millions of policyholders throughout Canada. It is actually their premium dollars that have become fighting dollars on active service."

Good Grapes—Good Wine

The quality of a wine depends upon the quality of the grape as it grew on the vine, and no amount of skill can produce good wine from inferior grape crops.

St. John's branch met Tuesday with the president, Wendy Perkins, in the chair. After a short business session at which Jack Sutton was elected monthly convener, Rev. George Biddle gave the first in a series of talks on the Prayer Book. Next Tuesday's program will be announced after evensong on Sunday.

Ted Williams Breaks Tension

SARASOTA, Fla. (AP)—Every body around the Boston Red Sox camp is vastly relieved that Ted Williams' case has reached a temporary breathing spell so they can get on with the main business of preparing for the American League baseball race.

For a couple of days the hotel lobby looked like a convention of professional pallbearers. Every body was wondering how the lone, unhappy kid whose draft status was deferred by the president's board would conduct himself.

Now, happily, the tension has snapped. Williams, one of the game's greatest batters, has thrown himself into the conditioning program and his teammates are making a point of showing him they are on his side.

CONTROVERSY

Williams, object of a controversy that had been nationwide for a week, made a dramatically good impression upon the crowd of newspapermen that surrounded him and peppered him with questions after he drove in from Minneapolis. Several who frankly had been critical of Ted's apparent reluctance to rush into the army said they had changed their opinion after hearing him give his side of it.

The chief point Williams stressed was that he did not ask for deferment in the draft.

"All I want to do is play this season," he explained. "Then my mother will be provided for and I'll do anything they say. Right now I haven't a cent except \$6,000 tied up in an annuity, and I'll lose that unless I pay out this year. All I want to do is provide for my mother, and I don't think there's anything wrong with that. Furthermore, I'll pay about \$17,000 income tax, so it isn't as though I won't be doing some thing to help."

FIRST IN RELIABILITY . . . FIRST IN QUALITY . . . FIRST IN FASHION

"The Bay" Brings **YOU** the New

Viewpoint for SPRING

SPRING is the time when a woman decides to take a new viewpoint . . . to put new interest into her life. It's the time to be delightfully feminine or comfortably casual . . . it's all a matter of choice—but, whatever your stand, the "Bay" is ready with an exciting, newly-improved Fashion Floor brimming with becoming new fashions to make you your most interesting self.

Sports Mirror

By PETE SALLAWAY

AS EXPECTED, the British Columbia basketball playoff between Dominions and Vancouver Tookees could not get off to a smooth start. Usual battle over the referees has broken out for the umpteenth time. At the time of writing the series had been declared off by Dave Nicol, manager of the Dominions. Nicol wants one outside referee and the provincial moguls definitely say "no." Result—a deadlock that may take a little breaking.

Strange part of it all is that both sides have good points to their arguments. Dominions claim referees from outside (by that they mean Seattle) are more capable. We agree with them there. Officials from the Sound City we have seen work, always appear to have better control of a game. On the other hand the B.C. officials feel it is not fair to our own referees to have them work all season in the league games and then discard them when the big plum of the campaign—the provincial final—comes along. That argument holds a lot of truth.

However, one fault we have often noticed in the games where Victoria and Vancouver referees worked together is that the officials often turn the affair into a referee's battle. At least that is the way it has struck us. One referee makes a call and his partner makes one the opposite way. Just as if they were trying to even up. Result is that what promises to be a first-class exhibition is spoiled.

If the series has to be handled by B.C. referees let two Victoria men work the games here and two Vancouver arbiters look after those on the mainland. In that

way the refs will at least be working together and eliminate any possibility of the whistle-blowers working against each other. Because after all the referees can ruin any game.

One of our Peeping Toms tells us about a wide-open split among certain members of the city police force who have been actively interested in box lacrosse in recent seasons. He tells about the annual boxla meeting Tuesday night which saw certain members of the law attend and glare at each other across the conference table like a pair of first-class gamecocks.

Appears all the trouble centres around the desire of certain individuals to gain control of one of the senior clubs. Just when one party figured to have a deal all sewed up those people who were slated to be left on the sidelines did a little back-fence manipulating of their own which resulted in their having the club dumped right into their proverbial laps. Result—party of the first part found themselves out in the cold.

But the fun has only just started. Party of the first part scouted around and located sponsors for another team and now both parties are in the league with clubs to handle. It should really be interesting when the two factions start signing up players. We know a goodly amount of player steals will be attempted. All in all it promises to be just more than interesting when the two parties gather together the nights their respective clubs clash. We hesitate to mention names but the fans will have no trouble determining the parties once the season gets under way.

Finally Gets Uniform

After being refused by the regular army as "over-age," former heavyweight boxing champion, Jack Dempsey, got himself into a uniform by joining the New York State Guard. In the above picture Dempsey is seen sighting down a submachine gun.

McGavin Cup Play Opens Saturday

Victoria and district soccer teams leave the Phoenix Cup campaign for a while this week-end to start battle for the McGavin trophy. First game is between the two highest-rated teams in the city, V.M.D. and United Services, who meet at Athletic Park, Saturday at 2.30.

Both teams boast a galaxy of stars and to date the servicemen have not received a setback in Phoenix Cup play. Jock McCall's crew is as strong as ever and everything points to a good tussle.

Sunday afternoon at Heywood Avenue, the league champions, Victoria West, will be at home to Duncan Native Sons in another McGavin Cup game. The Wests, thoroughly revamped in the last few weeks, have been getting stronger every game and are favored to take the up-Island Indians. Game starts at 2.30.

Victoria United travel again this Saturday. They meet the second-place St. Andrew's squad at Vancouver. Doctor Arthur Poyntz, manager, is happier than usual with the receipt of news that his star centre, now in the army, Ralph Cosler, will be at the mainland city to perform for the locals. With Ralph at the key position Doc gives his team a good chance to come through with a win.

The party will leave here Friday night and the following players will make the trip: Reeves, Wilkinson, Leggett, Sage, Robbins, Moon, Hayward, Musgrave, Morgan, Dallimore, McDonald, Gulliver, Harrison and Fiddes.

Army-Navy Ice Battle Friday

With each club going through a stiff hour's practice at the Willows Arena this morning. Army and Navy hockey players announced themselves fit and ready to open their championship playoff Friday night at 8.30.

It will be a best-of-three-game series for the right to be declared champions of the Services League. Navy and Army squads finished one-two in the recent round-robin series, with the Air Force making up the third club.

Navy goes into the final with an undefeated record in league play this season. Closest the sailors have come to a setback was three drawn games with the Army.

In view of their record the bluejackets will enter the series favorites. However, since the start of the season, the Army club has improved with every appearance and the soldiers figure they are set to mark up victory number one over the Navy.

Advance ticket sale has been good indicating a big crowd to cheer for their respective favorites. Second game of the series will be played Monday evening.

GAME MEETING

Members of the Victoria Fish and Game Protective Association will meet this evening at 8 at the Royal Bank Hall, Cook and Fort Streets.

Chief item on the agenda will be the discussion of game seasons.

Great Preakness Field

Alsab Will Contend

BALTIMORE (AP) — Sixty three-year-olds, including Alsab, the 1941 juvenile king, and most of the colts that battled him for that honor, are eligible for the \$50,000-added Preakness Stakes to be run for the 52nd time at Pimlico May 9.

The Maryland Jockey Club, announcing Wednesday the nominations for its richest race, said 33 interests were represented. Warren Wright's Calumet farm, whose Whirlaway won the Preakness last year, led the list with five nominations.

W. E. Boeling and Col. E. R. Bradley named four horses each, while William Woodward, Mrs. Isabelle Dodge Sloane, Mrs. Payne Whitney, Louis B. Mayer, Alfred G. Vanderbilt and William Ziegler Jr. each nominated three.

Alsab was the lone entry from the Albert Sabath stable. The little colt, winner of 15 races and \$110,000 last year, hasn't been able to win this season, but his fifth to older horses in the Widener was heartening to his supporters.

Wright nominated a hard-hitting pair in Some Chance and Sun Again. Between them they won nine races and earned \$126,495 in 1941. Others named by the Calumet Farm were Wishbone, Pharos and Col. Teddy.

TWO SMART COLTS

Mrs. Whitney's Greentree Stable also has a couple of smart colts in Devil Diver and Shut Out. This pair accounted for seven races last year and earned a total of \$82,560.

Best known among the Bradley nominees is Bless Me, remembered for his great race in the Walden at Pimlico, when Alsab was all out to beat him by a head. The colt hasn't started a horse in the Preakness since 1940, when Bimelech won.

Other 1941 stakes winners nominated included William Woodward's Apache and Mrs. Ethel V. Mars' Dogpatch.

Notable absentees include Rejected, winner of the Flamingo, Bright William, American Wolf and Incoming, all conquerors of Alsab in Florida this winter, Con-

Rangers Can Cinch League

Meet Boston Tonight

Sugar Jim Henry probably will not win the National Hockey League's rookie-of-the-year award because during his brief tenure as goalkeeper for the New York Rangers his work has not been brilliant. But if there were an award for peculiar physical ailments among big-time hockey players, Henry would take it without batting an eye.

The capable 21-year-old netminder was injured about his eyes during his teens and although his sight was not affected there was a muscular reaction to those early injuries. When he received a blow on or near an eye, it closed almost immediately. He spent several playoff games as a junior with an eye taped open.

His effectiveness was not diminished by this reaction and the method of combating it, but it

tradition, winner of the Pimlico Futurity, Black Raider, Fair Call and Chuckle.

Their owners may make them supplementary entries, however, by paying a fee of \$1,500 by April 15.

Counting the \$50,000 added money and subscription fees of \$14,310 the Preakness now is worth \$64,310. The total will be swelled by the \$4,500 supplementary fee and \$500 starting fee.

Jimmy Bivins Whips Champion

CLEVELAND (AP) — Jimmy Bivins gave Gus Lesnevich a slugging lesson Wednesday night to win a decisive 10-round verdict over the light-heavyweight champion in a nontitle bout. The winner weighed 176½ and Lesnevich 178.

The Cleveland negro, who drank a quart of water in order to scale over the 175-pound limit, turned loose his artillery to knock the champion down briefly in the second round.

Bivins also bloodied Lesnevich's nose, and opened a wide cut under the titleholder's right eye in the fourth as he captured six rounds, with one even and the other three going to Gus.

Realizing he was soundly beaten, Gus came back to make his best showing in the last round, hurting Bivins with an uppercut and pushing him constantly—but he didn't get in the haymaker he needed.

SOLID RIGHT

It was a right to the jaw that floored the Cliffside Park, N.J., fighter in the second—to the applause of most of the 9,429 customers. The champion got up, however, before there was any count. Gus also slipped to one knee in the fourth while dodging a blow.

Bivins' good scrap may have earned him a title go against Lesnevich.

Lesnevich's co-manager, Lew Diamond, declared after the scrap that "the best man won," but without giving a reason, added, however, "we'll never fight him again."

Canadian President Hopes To Settle Hoop Squabble

McKechnie Cup Squad Selected

The final 1942 resting place of the McKechnie Cup comes up for decision in Vancouver Saturday when the Victoria Crimson Tide plays its last game of the season against Varsity Thunderbirds.

The Victoria crew, present holders of the cup, trail Vancouver Reys by two points. A win is all that is needed to keep the cup on the island for another year under the conditions for which it is played.

The Rep team that travels this week-end is another revised edition. However, manager Bob McKechnie is still happy, for although his team has again undergone a metamorphosis, it looks as strong as any he's fielded this year.

Missing from the line-up will be Ken Featherstone, speedy wing three-quarter, who is recuperating from an illness, and Gordon Leslie, high school sensation of the last Vancouver game, who is on the sidelines with an injury.

Here is the squad as announced Wednesday night: Fullback, Jack Grogan; three-quarters, Fred Smith, Lloyd Williams, Ernie Teagle, Bill Halkett; five-eighths, Alistair Gillespie; halfback, "Buddy" Lott; forwards, Bus Anderson, Doug Bray (hook), Bob Mair, Frank Doherty, Dan Doswell, Bert Simpson, Jack Sparks, Wally Williams and Albie Williams.

Colin Milne Dies Overseas

VANCOUVER (CP) — Sgt. Observer Colin Milne, member of one of B.C.'s best-known tennis families and himself holder of the Canadian junior title in 1931, has died of wounds overseas, his parents, Mr. and Mrs. Ashley Milne of Vancouver have been advised.

Young Milne's father was a member of the Canadian Davis Cup team which played at Toronto in 1921.

His sister Jean is a former Canadian champion. In 1929 she won the Dominion junior women's title and in 1930, the last year the Canadian championships were held because of the war, she teamed with Eleanor Young of Vancouver to win the women's senior doubles crown. Another sister, Susie, also was a prominent tennis player in B.C.

Sgt. Milne, 28, was well known in B.C. tennis circles, having played in practically all provincial and western Canada tournaments at Vancouver and Victoria.

He was born and educated in Vancouver and graduated from the No. 7 bombing and gunnery school at Paulson, Man., last fall. He came home for a short visit before proceeding overseas. He was an only son.

KEN OVERLIN WINS

BUFFALO, N.Y. (AP) — Ken Overlin, Washington, D.C., former middleweight champion, gave Paulie Mahoney of Buffalo a neat boxing lesson Wednesday night to win a decision in a fast 10-round battle. Overlin weighed 163, Mahoney 167½.

Hockey Standings

	W	L	D	P	A	P
Rangers	26	16	2	471	140	58
Toronto	26	16	2	146	119	55
Boston	23	16	4	140	108	52
Chicago	22	21	3	140	144	47
Detroit	17	24	4	127	138	38
Canadiens	16	26	3	122	161	35
Americans	15	28	3	124	164	32

Hockey Players Attack Referee

PORT ARTHUR (CP) — Port Arthur Pascols Wednesday night eliminated Brandon R.C.A.F. Manitoba intermediate hockey champions, in the western Canada playdowns, with a 4 to 2 victory in the second of their best-of-three series. Port Arthur won the first game Monday night 6 to 1.

Two Brandon players leaped from the bench as the game ended and mauled Referee Bob Stubbs of Fort William.

Flt.-Lieut. Ralph Gordon of Bobcaygeon, Ont., grabbed the official, and Red Sutherland of Eston, Sask., took a couple of swings at Stubbs as other players broke up the fracas.

Playing coach Alex Sinclair, Joe Coran, Bailey and Mike Moriarty scored the Pascols' goals, while Morrison and Joe Wilkinson netted for Brandon.

Keiser-Harper Golf Champions

MIAMI, Fla. (AP) — Herman Keiser and Chandler Harper, a pair of workaday golfers who got into the finals over the toughest route, won the Miami Biltmore's international fourball tournament Wednesday with a relentless display of birdies and pars. They bowled over Jack Groat and Ben Loving 4 and 3 to win \$1,000 apiece.

The winners built up a four-hole edge with a brilliant 64 on the morning 18 and a birdie on the 19th, then matched the best their opponents could do for 14 straight holes.

The first "outsiders" ever to capture the four-ball, Harper and Keiser were 13 under par for the distance.

The victors were the tournament's giant killers. On their way to the payoff round they mowed down Craig Wood and Billy Burke, Henry Picard and Byron Nelson and Ben Hogan and Gene Sarazen, the latter pair the 1941 winners.

Loving and Groat knocked off Lawson Little and Jimmy Demaret, Ky Laffoon and Johnny Revolta and Jimmy Hines and Willie Goggin.

Loving and Groat knocked off Lawson Little and Jimmy Demaret, Ky Laffoon and Johnny Revolta and Jimmy Hines and Willie Goggin.

According to Gordon's statement he offered to appoint Joe Hall, Vancouver, and "an American referee" but this concession apparently did not meet with the approval of the Dominions.

Complete results follow:

CHAMPIONSHIP FLIGHT
E. W. Tait won by default.
F. Paulsen beat E. Bracht, 2 and 1.
F. Whaley beat F. E. Fowler, 3 and 2.
A. Falk beat J. D. Palmer, 5 and 4.
F. Wright beat G. Parsons, 5 and 4.
L. Seal beat J. N. Tuttle at 19th.
W. H. Sears beat C. F. Delbridge, 2 and 1.
D. H. Houston beat W. J. Tredway, 3 and 2.

EMPEROR FLIGHT
H. E. Tynan beat F. J. Wolfe, 5 and 4.
J. Cunningham beat D. B. MacDonald, 5 and 4.
E. Hibbard beat A. G. Hurst, 4 and 2.
D. Hamilton beat A. C. Broad, 3 and 1.
H. V. Johnston beat E. Ellis, 1 up.
C. P. Rutherford beat M. Crawford, 1 up.
C. Roberts beat R. Morfit, 4 and 3.
G. J. McNamara beat J. C. Breeson, 4 and 3.

COLWOOD FLIGHT
A. D. Schmidt beat H. R. Magwood, 3 and 1.
K. H. Francis beat E. L. McNeven, 6 and 5.
D. Fletcher beat J. Ailek, 1 up.
L. A. Dietrich beat R. McKwan, 2 and 1.

REPRIMAND JOHNNY ALLEN

DAYTONA BEACH, Fla. (AP) — Larry MacPhail, Brooklyn Dodgers president, Wednesday ordered Johnny Allen, veteran right-handed pitcher, out of uniform for breaking the club's training rules during the recent pre-season training sessions in Havana.

It was indicated Allen, picked up by the Dodgers after being cast off by the Cleveland Indians, faces a fine and suspension.

KEEP "ON THE ALERT!"
TRY A MILD "wake-up" glass of ANDREWS every morning. This habit helps many people to avoid faulty elimination, does much to keep them feeling "on the alert."

"You take your laxatives - I'll TAKE ANDREWS"

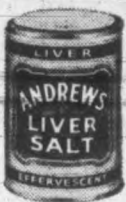

HEADACHE, indigestion, logness, bad breath—all these unpleasant symptoms may be due in part to constipation. But be warned now; stop making the common mistake of blaming your bowels alone! Remember—when bowels need help, other organs too are often off-key, signalling just as plainly for aid.

At such times, rely on the four-way action of ANDREWS for sensible, quick and more thorough relief. Drink a sparkling, pleasant glassful at once, knowing when you do that ANDREWS will act in four different ways to help you feel better in shorter time.

ANDREWS opens the bowels; stimulates the liver; helps the kidneys; neutralizes excess gastric acid to speed relief and prolong comfort. Don't expect such aid from laxatives that work in the bowels alone. To get this help, get ANDREWS!

Ask for it at any drugstore. Four-oz. tin, 44¢; 8-oz. tin, 77¢; 10-oz. bottle, 89¢.

ANDREWS Liver SALT
England's favorite salt... now made in Canada

Severe freezing during the winter months does not injure the fruit bud, even though it is frozen solid. But after the bud has be-

gun to awaken, with the warm days of spring, a sudden cold snap freezes and ruptures the plump cells, and the fruit is ruined.

In this WHITE flour, the natural Vitamin B Complex of the wheat germ is kept in

THE WHITE BREADS and cakes you've made with white flour have always been deficient in the B vitamins of wheat. But now there is a white flour which brings you a good proportion of these vitamins!

It is called Vitamin B. Kitchen Craft White Flour. And it contains not less than 360 International Units of B₁ (thiamin) per pound.

This is four times as much vitamin B₁ as in regular white "patent" flour.

This new flour offers you more riboflavin, too; in fact, more of all the members of the vitamin B complex which science reveals are important to good nutrition.

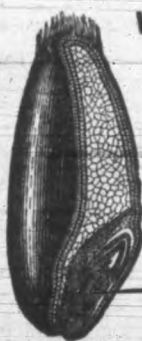

All these vitamins are the natural, unremoved vitamins of the whole grain. They are kept in white flour by our new "Cold Roll" milling process which mills the vitamin B rich wheat germ along with the starch portion. Only the bran is removed.

Due to its natural content of wheat germ, Vitamin B Kitchen Craft White Flour is a creamy-type white, not the

"chalk" white of regular "patent" flour. And its wheaty flavor will make your bakings more tempting than ever.

Stock up this all-purpose vitamin B white flour today. Milled in Canada from best Canadian wheats, it is guaranteed to give you successful results in all home baking—without change in your recipes—and to keep at least 2 years under normal storage conditions.

Basketball Finals

NANAIMO (CP) Upper island basketball finals in three divisions will be decided here Friday night when a trio of teams from Port Alberni clash with three Nanaimo squads in the second of their home and home series.

Nanaimo midget boys will carry an 18-point lead into their final against the Port Alberni club which they defeated at Port Alberni last week, 24 to 6. Nanaimo junior girls defeated Port Alberni 22 to 16 and will have a six-point edge in Friday's game.

In the junior boys Port Alberni beat Nanaimo 24 to 16 and will have an eight-point advantage in the deciding game. All three opening games were played at Port Alberni last week.

Winnipeg Regiment Hockey Champions

SOMEWHERE IN ENGLAND (CP)—Pte. Scotty Law of Winnipeg fired a last-minute goal Wednesday night to give the Cameron Highlanders of his home town the Canadian overseas forces hockey championship

with a 5 to 4 victory over the Royal Canadian Army Medical Corps in a best-of-three series. More than 4,000 soldiers saw the game.

Law's goal, his second of the night, climaxed a thrilling game which saw first one team and then the other take the lead. The defences held sway for 2½ periods, but the forwards broke loose in the last 10 minutes to score six goals, Cameron's Pte. H. McGill of Winnipeg getting

two of them within 10 seconds. Camerons won the first game 3 to 2.

The Mississippi River flooded an area larger than the combined areas of Connecticut, Delaware, New Jersey and Rhode Island, in 1927.

The praying mantis insect is so named because its front legs are carried in the position of a person's hands held up in prayer.

Mainwaring Meets Hart On A.R.P. Proposals

Plans for a first-class A.R.P. organization progressed today when W. C. Mainwaring, chairman of the newly-appointed Advisory Council, conferred three hours with Premier John Hart.

The discussion centred around Mr. Mainwaring's new duties and the authority under which the new committee will operate. First meeting of the council will be held Saturday in Vancouver and will be attended by Premier Hart, Attorney-General Maitland and the board of control. Permanent headquarters are expected to be in Vancouver.

Mr. Mainwaring today also met the new board of control, those present being B.C. Police Commissioner T. W. S. Parsons, Legislative Counsel J. P. Hogg and Inspector S. F. M. Moodie. A complete brief on A.R.P. matters was turned over to Mr. Mainwaring for his information and guidance.

The new A.R.P. chieftain expressed gratification that so much had already been accomplished.

PAYS TRIBUTE

"I would like, at this time, to pay tribute to the work already accomplished by the Premier, the Attorney-General, Commissioner Parsons and Inspector Moodie, who have worked so diligently to bring together so efficient an organization throughout the province," Mr. Mainwaring said.

"It has been a revelation to me that so strong an organization

W. C. MAINWARING

exists, and I feel the public should know that their safety and welfare have been considered from all angles. At the earliest opportunity I propose that the public should be acquainted, through the press and other media, with how much has been accomplished in this regard. "I think the Premier is to be commended for the study and thought he has given to this most vital question and I can assure him that, as chairman of the newly-organized Advisory Council, every co-operation will be given to further strengthen this organization and to support the Premier and his colleagues in their very arduous duties."

Astronomers Show Planet Pictures

Scientific talks were given to members of the Royal Astronomical Society of Victoria Wednesday night at the Victoria College by Misses C. Hallstone, Y. Langworthy and S. Oliphant on "Mars," "Jupiter" and "Saturn," respectively.

Miss Hallstone told of the canals, changes and atmospheric conditions of Mars.

The other two speakers gave detail pictures of the planets on which they based their talks. Lantern slides were shown to illustrate the lectures.

The next and final of the series for this term, will be held in the same place, with Mrs. J. R. Noble speaking on "The Variable Stars."

WEST COAST ROAD PLAN UNDER STUDY

The City Council's recommendation that construction of the West Coast Road be started without delay, as a military measure has been referred to the appropriate officers of the Department of National Defence, the secretary of the minister informed the council by letter today.

The officers were instructed to consider the suggestion carefully, the letter said.

Investigation of wood fuel prices in Victoria does not fall within the scope of the Wartime Prices and Trades Board, T. H. Johnson, local representative, informed the city by letter today. His communication, acknowledging a request from the council for such an investigation, said the matter was under study by Dr. W. A. Carrothers of the public utilities commission.

A permit for a \$2,290 four-room home at 959 Bank Street was issued by the city building inspector's department today.

Appointment of Mayor Andrew McGavin to the newly-formed provincial A.R.P. advisory committee as representative of the Union of British Columbia Municipalities was confirmed by the mayor today. He replaces R. R. F. Sewel, U.B.C.M. secretary, who was named provisionally to the committee pending selection of a representative. Mr. Sewel, according to the mayor, will fill in on those occasions when Mayor McGavin is not available for duty.

The Dickens Fellowship will meet in the clubrooms, 301 Union Building, Monday, at 8; Rev. J. L. W. McLean will speak on "The Minister as a Man of Letters."

TOWN TOPICS

Ward 4 Liberals held a whist party Wednesday evening at Liberal headquarters. First prize was won by Mrs. Taylor and Mrs. J. Donald, and consolation by E. M. Whyte. A contest was won by H. J. Maddaford. Refreshments were served by the convener, Mrs. T. C. Smith.

William E. Davis, who pleaded guilty in provincial police court Wednesday to dangerous driving, was fined \$30 and had his license suspended for two months. Nine were fined \$2.50 each in city police court today for infractions of parking regulations. One was fined \$10 for passing a stopped street car.

The B.C. Council of the National Spiritualist Association of Canada will hold its quarterly meeting Saturday at 5 in the Open Door Spiritualist Church, when delegates from Vancouver, New Westminster, Nanaimo, Shawnigan, Fulford Harbor and Victoria, will confer on spiritualism as taught in its various churches.

The John Howard Society, Victoria, will hold its annual open meeting next Monday at the Empress Hotel at 8. Rev. A. E. Lavell, who has made an intimate and lifelong study of the problem of crime in Ontario, and was for many years chief executive officer of the Ontario Board of Parole, and was afterwards provincial historian, will speak on "What shall we do with our criminals?"

T. Jolly will address a public meeting for the Victoria British Israel Association next Tuesday upon the subject "The Second Coming of Christ," quoting the Bible, the Great Pyramid, history and current events, to show that Old Testament events and prophecies were foreshadowings of the mighty design of God, now in process of fulfillment. The Prayer League, under the leadership of Mrs. G. E. Aitree Coley, will meet in the Y.W.C.A. on Friday at 2.30.

A.R.P. ACTIVITIES

District 1-C Cadboro Bay, Saanich—Friday night at 8 in St. George's Hall, the B.C. forestry service will show moving pictures and a lecture will be given on how to fight forest fires.

Record Beef Price

KAMLOOPS, B.C. (CP)—An all-time record of 75 cents a pound was paid by Safeway Stores, Limited, for the Harper Ranch of Kamloops grand champion steer at this morning's sale of fat stock. The animal weighed 805 pounds to bring \$603.75.

METROPOLITAN Y.P.U.

Cameron Gorrie, boys' work secretary of the Y.M.C.A., spoke at the Metropolitan Y.P.U. on the book "We Discuss Canada," which described the young men's conference in Montreal to which the Y.M.C.A.'s across Canada sent delegates. Arthur Lees extended a vote of thanks. Kenneth Priestley led a sing-song, accompanied by Cameron Gorrie.

The business period was conducted by Dick Johnson. More entries were requested for the oratorical contest March 24. Support was asked for the sing-song March 15, at which the society has charge of the program and refreshments. Bowling was announced for Friday at 7. The worship service was led by Jean Adams with Frances Kerry at the piano.

Multiplies Vitamins

Feeding cows on irradiated yeast, or other good sources of vitamin D, increases the vitamin D content of the cows' milk from 15 to 30 times.

Spring Harvest of Gold

Daffodil growers of Gordon Head are now picking their magnificent yellow blooms and preparing them for shipment to the prairies. Above, Miss Rene Welchman, on the Edwards' farm, looks up from picking, her arms filled with dozens of the fine blooms.

Helps Prisoners In 90 Countries

"Due to the added confidence of authorities in the prison work of the Salvation Army in recent years our work has been steadily increasing," Lieut. Col. Wallace Bunton, J.P., territorial prison secretary of the Salvation Army, said in an address at Broad Street citadel Wednesday night on "Prison Work of the Salvation Army."

Col. Bunton told how the Salvation Army had opened its first prison home in Toronto in 1889. This was a home for men who had been released from jail, and whose futures were blank. These men were given clothing, food and shelter. The government soon recognized the valuable work of the army and appointed Brig. Walter Archibald, then a Salvation Army worker, to the position of parole officer of the Dominion. He was the first in this country.

More than 90 countries and colonies have Salvation Army centres, Col. Bunton said. In all of these countries the organization is carrying on the work of caring for the men of the prisons. "Eighty-five per cent of all the prisoners we have assisted turn out to be worthwhile citizens," he said. An average of 1,200 prisoners are handled each year. How governmental authorities gradually allowed services to be held monthly in the penitentiaries of Canada was told. It is only since 1932 that the Army have had direct contact with the men in Canada's prisons.

Col. Bunton came to this city Tuesday on his tour of inspection. He left this afternoon for Vancouver. From there he will visit Edmonton, Calgary and other centres.

Survivors Had Feet Frozen

NEW LONDON, Conn. (AP)—Six crewmen from the torpedoed Brazilian vessel Cayru, suffering greatly from exposure, and the body of a passenger were landed here today by the United States navy. The six are the only survivors of 21 men who set out in the ship's No. 4 lifeboat after the Cayru was sunk off Ambrose Light last Sunday.

Two were able to stand with the aid of sailors; the others were carried ashore on stretchers, and all were taken immediately to a hospital.

Their lifeboat was sighted last night by a naval vessel searching for survivors with the aid of aircraft. The navy said 38 men and women from the Cayru still are unaccounted for.

The men brought here all had frozen feet. None was able to tell of their three-day ordeal in the lifeboat.

The passenger was unidentified. He died last night, only a few minutes after being taken from the lifeboat aboard the navy vessel.

Soldier Killed

Provincial Police headquarters learned by radio today Evan Evans, of the 112th Battery, stationed at Prince Rupert, was killed Wednesday when a truck in which he was riding went over a bank into Shawatlands Bay, seven miles east of Prince Rupert.

Oaklands P.T.A. will hold a St. Patrick's tea in the school auditorium Friday at 3. The novelty stall and home cooking stall opening at 2.30.

2,184 More Plates Than Last Year

A total of 17,925 motor vehicle license plates were issued by the Victoria office of the Motor Record Branch of the Provincial Police up to Feb. 28 this year.

Although not confirmed, this is believed to be an all-time record for Victoria. The figure represents an increase of 2,184 licenses over last year.

A breakdown of the total shows 14,148 licenses issued were for private motor cars. This is an increase of 589 over the same figure up to Feb. 28, 1941.

Total number of commercial licenses issued was 3,777, an increase of 1,595 over the figure for the corresponding period of 1941.

Minister of Agriculture At Kamloops Show

Hon. Dr. K. C. Macdonald, Minister of Agriculture, accompanied by his deputy J. B. Munro, is attending the annual fat stock show and bull sale at Kamloops. They will return Monday.

Attorney-General R. L. Maitland, K.C., who has been confined to his home in Vancouver with influenza is expected here Monday.

B.C. Man May Lead

OTTAWA (CP)—Senator J. H. King, Liberal, British Columbia, has been acting government leader of the Senate whenever Senator Dandurand has been absent and this gave rise to speculation here today following Senator Dandurand's death that Dr. King is likely to succeed him.

The Senate leader is named by the government of the day rather than by the Liberal senators themselves and it has been the custom for the leader to be a Minister without portfolio in the cabinet. The Senate stands adjourned until March 17.

Senator King, a former resident of Cranbrook, was Minister of Public Works for B.C. in the Brewster and Oliver administrations. In 1922 he was appointed to the same portfolio in the Dominion cabinet and went to the Health Ministry in 1926. He was called to the Senate in 1930.

GEORGE R. LIPSEY

former resident of Victoria, who passed away last week in Vancouver. Mr. Lipsey, who was born in the State of New York, went to Ottawa when a young man and prior to coming to Victoria had resided in Vancouver for 21 years. He lived here nine years and had many friends in this city. He is survived by his widow, one daughter, Mrs. M. Green, of Britannia Mines, and three sons, Richard A., of Victoria, Ormand C., New Westminster, and George C., Britannia Mines.

RICHARDSON — Funeral services were held in St. Paul's Naval and Garrison Church Wednesday for Skipper James McNeil Richardson. Rev. Arthur Bischlager, assisted by Padre G. E. Graham, conducted the services. Lt. Cmdr. L. Harrison represented H.M.C.S. Naden; Lt. Cmdr. A. Henderson represented C.O.P.C. and J. Quinn represented the Naval Veterans.

OBITUARY

TATE — The funeral of Francis Tate will be held from Hayward's B.C. Funeral Chapel, Saturday at 3.30. Rev. J. R. Fife will officiate. Cremation at Royal Oak.

LEFEVRE — John Lefevre, 84, died Wednesday at his home, 3152 Richmond Road. Funeral services will be held Friday at 2.30 in Victoria Gospel Hall. Interment at Ross Bay.

ANDERSON — Mrs. Mary Amelia Ryan Anderson, 71, wife of Edward Anderson, K.C., chairman of the board of directors of the Winnipeg Electric Company, died Wednesday at her home in Winnipeg.

BRAMWELL — Mass was celebrated by Rev. Father L. M. Hart in St. Andrew's Cathedral this morning for Mary Jane Bramwell, interment at Colwood. Pallbearers were: C. O'Leary, J. Munro, J. Lewis and L. Marston.

SMITH — Funeral service for Miss Evelyn Francis Smith were held Wednesday afternoon in Sands Mortuary. Rev. H. A. McLeod conducted the services. Pallbearers: W. McGregor, E. Garman, S. Warnock and N. H. Grant. Interment at Ross Bay.

BARNES — Henry Barnes, 83, a native of England and a resident of Rocky Point for many years, died recently. He had no relatives in Canada. Service will be held Friday afternoon at 2 from the Thomson Funeral Home. Rev. James Hood officiating. Interment at Ross Bay.

CURRIE — Charles Ernest Currie, 85, of 1205 St. Patrick Street, died Wednesday at the Jubilee Hospital. He was born in Pimlico, England, and had lived here 30 years. The funeral will be held from Hayward's B.C. Funeral Chapel, Saturday at 2. Interment at Ross Bay.

SIBBALD — Funeral services for Alexander Sibbald were held Wednesday afternoon in Sands Mortuary. Rev. Dr. A. E. Whitehouse conducted the services. Pallbearers were: D. Nicol, T. Reid, J. E. Fuller, R. J. C. Smith, Thomas Sibbald and H. J. Sibbald. Interment at Colwood.

MUSGRAVE — The funeral of John Musgrave will be held Friday afternoon, leaving the residence, 2620 Uplands Road, at 12.30 for St. Peter's Church, Quamichan, where service will be conducted by Canon Hughes at 2.30. Interment in the churchyard. Hayward's B.C. Funeral Co. is in charge.

BRADBURY — Mrs. Sarah Helen Bradbury, wife of Thomas Bradbury, died Wednesday at her home, 515 Trutch Street. She was born in England and had lived here for 13 years. She was an active worker of Christ Church Cathedral. The funeral will be held Saturday, leaving Hayward's B.C. Funeral Chapel at 1.45 for Christ Church Cathedral, where service will be conducted at 2. Interment, Ross Bay.

CRAWFORD — Andrew George Crawford, 64, died here Wednesday. Mr. Crawford was born in Quebec and had lived here four months. He leaves one daughter, Mrs. M. Campbell of Vancouver, and one sister, Mrs. T. H. Matenby, New Westminster. The remains are resting at McCall Bros.' Chapel, where prayers will be offered this evening at 9. Mass will be celebrated in St. Andrew's Cathedral Friday morning at 9. Interment at Ross Bay.

BROWN — The funeral of Capt. Thomas Henry Brown was held Wednesday afternoon from Hayward's B.C. Funeral Chapel. Rev. Dr. A. E. Whitehouse officiating. Pallbearers were: Capt. H. Bliton, W. T. Straith, M.L.A.; J. Nicolson, Capt. D. Brown, Capt. R. A. Hunter and George W. Brown. The Masonic burial service was conducted by Victoria-Columbia Lodge No. 1, Worshipful Master P. A. Mohr officiating. Interment at Ross Bay.

JAMIESON — Robert Watson Jamieson, 60, died today at the family residence, 1925 Lansdowne Road. Mr. Jamieson was born in Glasgow, Scotland, and had resided in this city for 34 years. He was a member of the U.C.T., Victoria Council No. 434, and Court Vancouver Lodge No. 5755. A.O.F. He leaves his mother, Mrs. M. F. Jamieson, and one sister, Miss Marion F. W. Jamieson, both at the family residence, 2417 Mowatt Avenue. The remains are at the Sands Mortuary, from where funeral services will be held Saturday at 3. Rev. W. L. McKay will officiate. Cremation at Royal Oak.

RICHARDSON — Funeral services were held in St. Paul's Naval and Garrison Church Wednesday for Skipper James McNeil Richardson. Rev. Arthur Bischlager, assisted by Padre G. E. Graham, conducted the services. Lt. Cmdr. L. Harrison represented H.M.C.S. Naden; Lt. Cmdr. A. Henderson represented C.O.P.C. and J. Quinn represented the Naval Veterans.

Last Victorian Beaten in Golf

Defeat of Al Falk, last remaining Victorian, featured quarter finals of the men's handicap championship of the 14th annual Empress Hotel golf tournament at the Colwood Club today. Falk, well-known Colwood southpaw, was beaten by big Ralph Whaley of Seattle, 2 and 1.

Three other visitors to reach the finals were: E. W. Tait, Calgary; Frank Wright, Anacortes, Wash. and W. H. Sears, Toronto. Wright pulled a surprise 1 up victory over Lee Steil, Seattle, a former champion and rated a strong contender for the current title. Tait ended the hopes of Peter Paulsen, Astoria, 2 and 1 while Sears eliminated Dr. D. H. Houston, Seattle, 1 up.

Semifinals will be played Friday with the winners advancing into Saturday's final to determine the new holder of the Sir Edward Beatty trophy.

Other results follow:

EMPIRE FLIGHT

H. E. Tynan, Vancouver, defeated J. Cunningham 4 and 3. E. Hiberson won from D. A. Hamilton, Vancouver, by default. H. U. Johnston, Camrose, defeated C. P. Rutherford 3 and 2. G. P. McNamara, Seattle, defeated C. Roberts, Edmonton, 1 up.

COLWOOD FLIGHT

F. H. Francis defeated A. D. Schmidt, Olympia, 2 up. D. Fletcher defeated L. A. Diether, Vancouver, 2 up. J. D. Collins, Seattle, defeated A. B. Crump 4 and 3.

OLYMPIC FLIGHT

A. Hutson defeated Wallace McMillan at 19th. A. J. Taylor, Wetaskiwin, defeated J. R. Milne, Winnipeg, 2 and 1. J. D. Ferguson defeated J. Patterson, Vancouver, 2 and 1. E. B. Eastburn, Hamilton, won from W. J. Peers by default.

Found Dead in Car

John Bell Irving, 35, a draftsman at H.M.C.S. Dockyard, was found dead in his automobile parked on Devonshire Road at 7.15 this morning. Police said death appeared to be from natural causes, although no announcement has been made by the coroner.

Irving lived at 512 Macaulay Street, was single, and came here some years ago from England.

The body was removed to Hayward's B.C. Funeral Parlor.

Boy Injured in Bicycle Mishap

Bryan Frederick Tooby, age 12, 203 Henry Street, was critically injured when the bicycle he was riding south on William and a truck traveling west on Wilson, driven by Thomas Evans Farmer, 814 Hereward, collided at 12.10 today. Young Tooby, pupil of Victoria West School, was taken to the Jubilee Hospital in the City Police ambulance suffering head injuries.

He was attended by Dr. R. C. Newby. Police say that the boy struck the right rear wheel of the truck.

Logger Killed

Oscar Johnson, aged 38, died Wednesday of injuries suffered at Camp One, Alberni Pacific Lumber Company, Port Alberni, according to word received at Provincial Police headquarters today. An inquest will be held at Port Alberni tonight.

Bugler Wade sounded the Last Post and Reveille at the graveside, and Lt. J. McRae was in charge of the firing party. Following were pallbearers: Skipper Lloyd, Skipper Harvey, Sub-Lt. Traverse, Sub-Lt. Beveridge, Sub-Lt. Hewitt and Sub-Lt. Smith. Interment at Naval Cemetery. McCall Brothers were in charge.

CRAWFORD — Frederick Lindsay Crawford, manager of the main branch of the Canadian Bank of Commerce in Victoria from 1909 to 1917, died at the Vancouver General Hospital, Monday. Born in Montreal he started his career as junior in that city's branch of the Bank of Commerce. After leaving Victoria he managed the Victory Square branch in Vancouver until 1926, when he retired. Mr. Crawford lost his only son in the last war and is survived by one daughter, Mrs. Betty Crawford Ramsay. Private funeral services were held Wednesday.

Simultaneous Shows At Odeon Theatres

Next week for the first time Victoria will have two feature pictures running in two theatres at the same time. The Odeon Theatres of Canada announced today the two leading Odeon movie houses of the Victoria district, the Plaza and Oak Bay, would, starting Monday, simultaneously carry the same pictures for the same length of time.

This action, it is thought, will enable patrons to see the pictures without the bother of waiting in queues.

R. Calladine, manager of the Odeon Theatres in this city, states that many of the best current pictures will be shown in this manner, starting next Monday, with "Shanghai Gesture," starring Gene Tierney.

CLASSIFIED ADVERTISING RATES

30 per word per insertion.
 Minimum charge, 35c.
 Births, \$1.00 per insertion.
 Deaths, \$1.50 first insertion and \$1.00 succeeding insertions.
 Funeral notices, in Memorial notices and cards of thanks, \$1.50 per insertion.
 The Times will not be responsible for more than one incorrect insertion of any advertisement ordered for insertion on account of errors or omissions must be made within 30 days from the date of the same, otherwise the claim will not be allowed.
 In computing the number of words in an advertisement, count five words for the first two lines and four words for each line thereafter. This is not an absolute guide to the number of lines, which depends on the length of the lines and the words.
 Advertisers who desire to have their ads addressed to a box at the Times Office and forwarded to their private addresses, a charge of 10c is made for this service.

BOX REPLIES AVAILABLE

Letters addressed to the following boxes are available at the Times Office for presentation to the advertiser. Replies are obtained by advertisers who follow up promptly.
 2151, 2202, 2211, 2205, 2221, 2243, 2272, 2273, 2292, 2444, 2469, 2497, 2499, 2521, 2522, 2523, 2524, 2525, 2526, 2527, 2528, 2529, 2530, 2531, 2532, 2533, 2534, 2535, 2536, 2537, 2538, 2539, 2540, 2541, 2542, 2543, 2544, 2545, 2546, 2547, 2548, 2549, 2550, 2551, 2552, 2553, 2554, 2555, 2556, 2557, 2558, 2559, 2560, 2561, 2562, 2563, 2564, 2565, 2566, 2567, 2568, 2569, 2570, 2571, 2572, 2573, 2574, 2575, 2576, 2577, 2578, 2579, 2580, 2581, 2582, 2583, 2584, 2585, 2586, 2587, 2588, 2589, 2590, 2591, 2592, 2593, 2594, 2595, 2596, 2597, 2598, 2599, 2600, 2601, 2602, 2603, 2604, 2605, 2606, 2607, 2608, 2609, 2610, 2611, 2612, 2613, 2614, 2615, 2616, 2617, 2618, 2619, 2620, 2621, 2622, 2623, 2624, 2625, 2626, 2627, 2628, 2629, 2630, 2631, 2632, 2633, 2634, 2635, 2636, 2637, 2638, 2639, 2640, 2641, 2642, 2643, 2644, 2645, 2646, 2647, 2648, 2649, 2650, 2651, 2652, 2653, 2654, 2655, 2656, 2657, 2658, 2659, 2660, 2661, 2662, 2663, 2664, 2665, 2666, 2667, 2668, 2669, 2670, 2671, 2672, 2673, 2674, 2675, 2676, 2677, 2678, 2679, 2680, 2681, 2682, 2683, 2684, 2685, 2686, 2687, 2688, 2689, 2690, 2691, 2692, 2693, 2694, 2695, 2696, 2697, 2698, 2699, 2700, 2701, 2702, 2703, 2704, 2705, 2706, 2707, 2708, 2709, 2710, 2711, 2712, 2713, 2714, 2715, 2716, 2717, 2718, 2719, 2720, 2721, 2722, 2723, 2724, 2725, 2726, 2727, 2728, 2729, 2730, 2731, 2732, 2733, 2734, 2735, 2736, 2737, 2738, 2739, 2740, 2741, 2742, 2743, 2744, 2745, 2746, 2747, 2748, 2749, 2750, 2751, 2752, 2753, 2754, 2755, 2756, 2757, 2758, 2759, 2760, 2761, 2762, 2763, 2764, 2765, 2766, 2767, 2768, 2769, 2770, 2771, 2772, 2773, 2774, 2775, 2776, 2777, 2778, 2779, 2780, 2781, 2782, 2783, 2784, 2785, 2786, 2787, 2788, 2789, 2790, 2791, 2792, 2793, 2794, 2795, 2796, 2797, 2798, 2799, 2800, 2801, 2802, 2803, 2804, 2805, 2806, 2807, 2808, 2809, 2810, 2811, 2812, 2813, 2814, 2815, 2816, 2817, 2818, 2819, 2820, 2821, 2822, 2823, 2824, 2825, 2826, 2827, 2828, 2829, 2830, 2831, 2832, 2833, 2834, 2835, 2836, 2837, 2838, 2839, 2840, 2841, 2842, 2843, 2844, 2845, 2846, 2847, 2848, 2849, 2850, 2851, 2852, 2853, 2854, 2855, 2856, 2857, 2858, 2859, 2860, 2861, 2862, 2863, 2864, 2865, 2866, 2867, 2868, 2869, 2870, 2871, 2872, 2873, 2874, 2875, 2876, 2877, 2878, 2879, 2880, 2881, 2882, 2883, 2884, 2885, 2886, 2887, 2888, 2889, 2890, 2891, 2892, 2893, 2894, 2895, 2896, 2897, 2898, 2899, 2900, 2901, 2902, 2903, 2904, 2905, 2906, 2907, 2908, 2909, 2910, 2911, 2912, 2913, 2914, 2915, 2916, 2917, 2918, 2919, 2920, 2921, 2922, 2923, 2924, 2925, 2926, 2927, 2928, 2929, 2930, 2931, 2932, 2933, 2934, 2935, 2936, 2937, 2938, 2939, 2940, 2941, 2942, 2943, 2944, 2945, 2946, 2947, 2948, 2949, 2950, 2951, 2952, 2953, 2954, 2955, 2956, 2957, 2958, 2959, 2960, 2961, 2962, 2963, 2964, 2965, 2966, 2967, 2968, 2969, 2970, 2971, 2972, 2973, 2974, 2975, 2976, 2977, 2978, 2979, 2980, 2981, 2982, 2983, 2984, 2985, 2986, 2987, 2988, 2989, 2990, 2991, 2992, 2993, 2994, 2995, 2996, 2997, 2998, 2999, 3000.

Announcements

'SABOTAGE' ON RIO SCREEN

Gordon Oliver, who is one of moviedom's most popular "eligi-
bles," has an almost infallible
system of preventing the en-
croachment of extra males on
dates.

"I take the gal for a bicycle
ride," laughs Gordon, "on a
bicycle built for two! And, any
guy who wants to come along
has to run, or hire another bike."

Oliver romances Arleen Whelan
in Republic's "Sabotage," cur-
rently showing at the Rio
Theatre. Charles Grapewin,
Johnnie Russell, Lucien Little-
field, Horace McMahon, Dorothy
Peterson and Don Douglas head
the supporting cast.

In real life too, Oliver is seen
often in the company of Miss
Whelan, but, according to the
two stars, "It's not serious; we
just like each other."

Story of Orient Opens Monday

Shanghai, city of sin, revelry,
garish wealth, crawling poverty,
the earth's melting pot... is the
setting for "Shanghai Gesture"
which will inaugurate the new
Odeon policy of big pictures
showing simultaneously at the
Plaza and Oak Bay Theatres.
The picture will open at both
theatres on Monday.

The story which unfolds
against the background of this
color-splashed city is raw, stark
stuff of life. Among the stars
are Victor Mature, Gene Tierney
and Eric Blore.

**NOTICE OF APPLICATION
FOR CONSENT TO TRANSFER
OF BEER LICENSE**

Notice is hereby given that on the 10th
day of April next, the undersigned intends
to apply to the Liquor Control Board for
consent to transfer of Beer License
No. 5699, issued in respect to premises
being part of a building known as Jordan
River Hotel, situate at Jordan River, B.C.,
upon the lands described as Part of
Lot 2, Parcel A, Map 4194, Victoria Land
Registration District, in the Province
of British Columbia, from Jordan River
Hotel Ltd., to Katherine Adelaide Walker,
of Jordan River, British Columbia, the
transferor.

Dated at Victoria, this 8th day of
March, 1942.

KATHERINE ADELAIDE WALKER,
Applicant and Transferor.

SETS SPEED IN RISE TO FAME

Playing a secondary role in her
first appearance before a Holly-
wood camera one day, and catapul-
ted to the leading feminine
role in the picture the next, was
the rocketlike experience of Ann
Ayars, the screen's newest
glamour "discovery," who plays
the debutante, "Cookie," in "Dr.
Kildare's Victory," newest in the
Dr. Kildare series, opening today
at the Atlas Theatre.

The former concert singer
joins Lew Ayres, Lionel Barry-
more, Robert Sterling, Jean
Rogers and the regular Kildare
characters in a graphic story.

CAPITOL THEATRE

Knitting should have a defin-
itely useful purpose. That was
Director John Ford's opinion as
he watched Sara Allgood knit
away day after day in between
"shots" on the set of Richard
Llewellyn's "How Green Was My
Valley," which is now being
shown at the Capitol Theatre.

Miss Allgood said that she was
knitting "things to give away."
So Ford gave her knitting a pur-
pose by having her knit socks
for him as long as the picture
was in production.

Ford's specifications were
rather hard on Sara's eyes be-
cause he wanted them all made
of black wool. He also insisted
on a certain length—which Sara
complied with willingly.

PLAZA STARS ANDY DEVINE

Jack London's mighty adven-
ture story, "North of the Klon-
dike," starring Andy Devine,
opened today at the Plaza
Theatre.

The second feature stars Han-
ley ("Baby Snooks" daddy) Staf-
ford, one of the large cast of
radio stars who appear in Uni-
versal's tangle "Swing It, Sol-
dier," brings a surprise to thou-
sands in his first appearance on
the screen.

Something in Stafford's radio
personality—that of a humorless,
crusty parent always on the
verge of a nervous breakdown—
suggests to many people that he
is stout, perhaps because of the
gifted nervous-wreck roles played
by Edgar Kennedy and other
stout men.

Actually, Stafford is young and
slender.

He got a surprise, too, in ac-
cepting the part. "After more
than three years as "Baby
Snooks" harried parent, he was
glad at the prospect of a change.
There is no change: In "Swing
It, Soldier," he plays a harried
parent on the verge of a nervous
breakdown.

RUTH HUSSEY AS CAREER WIFE

A "Business Head" in Holly-
wood means a two-in-one coiffure
similar to the one worn by Ruth
Hussey in M-G-M's "Married
Bachelor," now at the Capitol The-
atre. Miss Hussey, as the career
wife, shares top billing with Rob-
ert Young in the hilarious domes-
tic farce.

Because the modern business
woman must appear chic in the
minimum of time, Sydney Gull-
aroff, M-G-M hair stylist, created
the coiffure especially for Miss
Hussey.

Cut short, the hair is barely
three inches long and is curled in
loose finger-curls. On business
days it is parted on the side,
brushed behind the ears. To meet
afternoon appointments, the ac-
tress merely fluffs the hair out
over her ears, slips a jeweled pin
behind each ear and is ready for
the social hour.

'The Little Foxes' Coming to Capitol

Bette Davis is said to rise to
new histrionic heights in her lat-
est starring film, "The Little
Foxes," Samuel Goldwyn's widely
heralded screen version of the
sensational New York stage suc-
cess, coming soon to the Capitol
Theatre.

Miss Davis plays an unscrupu-
lous, greedy woman determined to
get money through an investment
in a cotton mill to be operated
by labor at starvation wages. The
dramatic power and intensity of
Miss Davis' characterization mark
a new high in her colorful acting
career. It features her heartless
conflict with her husband and her
daughter in furtherance of her
ambition.

Herbert Marshall, Teresa
Wright and Richard Carlson head
a notable supporting cast in this
RKO Radio release.

'BLOSSOMS IN DUST'—OAK BAY

Inspired by the life of Mrs.
Edna Gladney of Fort Worth,
founder of the Texas Children's
Home and Aid Society, who has
devoted 30 years to child welfare
and has found happy homes for
more than 2,000 babies, "Blos-
soms in the Dust," starring Greer
Garson and Walter Pidgeon,
opens today at the Oak Bay
Theatre for an engagement of
three days.

Filmed in technicolor, the pic-
ture reveals for the first time the
full beauty of the red-headed,
green-eyed Irish actress who rose
to stardom overnight with her
memorable performance of "Mrs.
Chips" in "Good-bye, Mr. Chips."
Now, as Mrs. Gladney, she has
been given another tender,
warmly human role of equal
brilliance.

New Low Prices

TORONTO (CP) — New low prices since 1934 were posted by the industrial and the gold groups in today's Toronto exchange market.

Utility, food, steel and miscellaneous industrials worked lower. Montreal Power traded in quite heavy volume and weakened slightly to a new low at 19½.

The gold list showed about 30 losses and only a half-dozen gains but the changes were small in the majority of cases.

In western oils Home was off 24 to 2.31. Nordon and Vermilion were down about a cent and British-Dominion gained slightly to 24.

assistance to the association during the year.

PROVINCIAL COMMISSIONER

"We must be prepared to meet danger," J. Fyfe-Smith, O.S.A., Provincial Commissioner of the St. John Ambulance Brigade, said. "Planes have shortened distances. One spot is as vulnerable as another."

Many activities of the organization go on despite war, J. Fyfe-Smith said. He cited beach, park and theatre services which are maintained, and said that at Shaughnessy Military Hospital 17 members of the nursing divisions had put in 1,604 hospital hours.

Preparations for an emergency by the brigade and the way in which different branches co-operate were the two factors

When it is impressed in my mind, Lt.-Col. Gerald Allison, Ottawa, director of ambulance and commandery commissioner of the St. John Ambulance Association, took the meeting. "Our association has a tradition that goes back farther than any other in the Empire," Lt.-Col. Allison said. "At this time we are called on to put forth our greatest effort." He pointed out that high morale of the English and Scots could be attributed partly to the efforts of the St. John Ambulance Association. "Steady growth of the organization in B.C. is evidence of a strong foundation," he said. "You have a bright future and must remember you are part of the defence of this country."

Dr. Isobel Day, Vancouver, superintendent of the Women's Ambulance Corps, said her organization is the largest of its kind in the province.

Amnionex Corp., said he offered the organization numbered 900. For the past two years members have been trained in first aid, anti-gas, home nursing, motor mechanics and driving ambulances, squad cars and more. All training in the organization is given on an auxiliary of the St. John Ambulance Brigade, is on military lines, Dr. Day said.

TOO MANY ACCIDENTS

"The upward curve in accidents is dangerous to production," William Jenkins, safety expert for the B.C. Lumber and Shingle Manufacturers' Association, told the meeting. "Safety must play the part in the war effort."

Accidents in 1941 exceeded

Utilities Improve

MONTREAL (CP) — Utilities and carriers edged toward higher ground but metals and industrials were mainly lower on the stock exchange today.

Higher were Brazilian, Power Corporation and Winnipeg Electric A, Montreal Power held its new low posted Wednesday.

Lower were International Nickel, Consolidated Smelter, Hudson Bay Mining and Noranda Imperial was a shade better.

Wheat

WINNIPEG (CP)—In routine trading, bolstered by moderate Canadian and United States mill support, wheat futures on Winnipeg Grain Exchange today closed unchanged with May at 78½ cents a bushel and July at 80¼.

The market lagged most of the session and with purchases attributed to Canadian and United

States mills and localists it was estimated about 250,000 bushels of wheat had been taken from the pit. There was no sign of export business today, although later figures on yesterday's export of flour to the United Kingdom indicated the amount was about 500,000 bushels in terms of wheat. Chicago futures were reported a cent higher near the close.

Shippers and eastern interests gave moderate support in oats and barley in the coast grain pit.

Can the Deafers

Can the Deafened Hear Again?

Medical authorities say yes. In many cases, Aurine Ear Balm, prescription, has proved a blessing to many deafened people. Used since 1895 by those who are deafened by ringing, buzzing, humming, or other noises due to hardened or coagulated wax (cerumen). Over a million pages sold. Make a no-risk test. If not satisfied or money refunded. Ask for Aurine Ear Balm at Cunniff's or The Modern Pharmacy or other leading druggists.

Uncle Ray

Tom Sawyer's 'Original' Was Sam Clemens

Florida is one of the important states of the United States, but there is a little town of the same name. It is Florida, Missouri. On a November day in 1835, a baby was born in the little village of Florida, which at that time contained less than 300 people. The infant was Samuel Clemens.

An old-time cotton boat on the Mississippi. A full load brought the hull almost level with the water in Mark Twain's time.

The father of the family was a lawyer whose work brought him only a small income. The mother was a kindly woman who had a special fondness for animals. At one time, we are told, she had 19 cats in her home.

Little Samuel spent the first four years of his life in the village where he was born. Then the family moved to Hannibal, a village 50 miles away. Besides Samuel, there were five other children in the family, two of them girls.

In the later years of his life, Samuel Clemens did not remember much about the village where he was born. About Hannibal, however, he remembered a great deal. Much of what happened there was to go into the books he was destined to write.

Samuel became the leader of a band of boys. They spent much time swimming in the Mississippi, which flowed past Hannibal. Sometimes they built rafts and floated for miles down the great river.

Among the boys in the band was one named Tom Blankenship. The time was to come when some of Tom's adventures would be told in a book called "Huckleberry Finn." Many of the things in that volume are not true events, but others are based on real happenings.

The boys made journeys to islands in the Mississippi. One island in that part of the river is now called "Tom Sawyer's Island."

There was no boy named Tom Sawyer in the group, but there was one who may be called the "original" of Tom Sawyer. He was no other than Sam Clemens. He was to grow up and be a famous author, writing under the pen name of "Mark Twain."

The boys liked to visit a cave near Hannibal. It was a very large cave and had chambers with stalactites hanging from the ceiling. You will find things about the cave in Mark Twain's book called "Tom Sawyer."

The character called "Indian Joe" in that volume did not really die in the cave, but at one time he was lost while wandering around inside. Today the cavern is known as "The Tom Sawyer Cave."

HOROSCOPE

MARCH 13

Good and evil appear balanced in the forecast for today. Persons are cautioned against extravagance which may lead to trouble. There may be news of accidents. Legal matters are favored. Persons whose birthday it is have the augury of an interesting year. Children born on this day may be cautious and industrious.

Better English

1. What is wrong with this sentence? "The cardboard box was crushed out of shape."
2. What is the correct pronunciation of "Italian"?
3. Which one of these words is misspelled? Ostensible, oscillate, osculate.
4. What does the word "calumny" mean?
5. What is a word beginning with cr that means "severe, decisive, testing"?

Answers
1. Omit "out of shape," as crushed means to squeeze so as to destroy the natural shape. 2. Pronounce it-al-yan, i as in it, not as in ice, accent second syllable. 3. Osculate. 4. A false, malicious and injurious accusation. "A probable story is the first weapon of calumny."—Proverb. 5. Crucial.
Water gets heavier until it cools to a temperature of 39 degrees Fahrenheit, but from that point it gets lighter with increased cold.

THIS CURIOUS WORLD

By William Ferguson

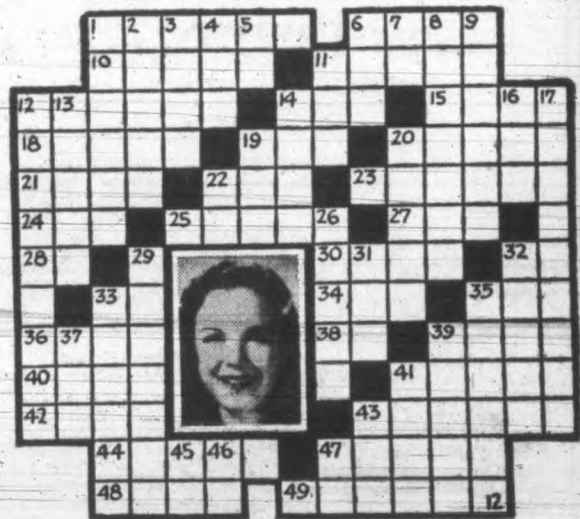

ANSWER: Beaver, kitten; hare, leveret; wolf, whelp; elephant, calf; deer, fawn.

Dorothy Dix's Letter Box

DEAR DOROTHY DIX—We have been married a year and ever since my husband and I have done nothing but nag at each other, although we love each other very much. I wouldn't be single again for anything, but it would be so much better if we got along together. We both work and are making good money. One thing we quarrel about is that he doesn't like to go out very much. When I want to go to a football game, he says all I think of is spending money and going out and being happy and gay. Well, I do think of being happy and gay, but not in his sense. We are saving money to build a home and then have children and that is why he is anxious to save and says I spend too much money, but I don't. When we go out he acts so sweet, but the minute we step in our little apartment he says things that hurt me very much. How can we make our home happier?
LUCILLE

Answer: The cure for nagging is like the cure for drink. Stop doing it. It is simply a matter of willpower and using enough self-control to shut your teeth on the word that you know is the fighting word and that is just as good for a domestic brawl as a nickel is for a ginger cake. Marriage is a rummy business any way you look at it, but there is nothing so strange about it as that otherwise intelligent men and women bring so little commonsense to the solution of their problems. They know, for instance, that marriage is one of the acts of our lives whose consequences we can never undo. Even divorce does not end its effects upon one, for an unhappy marriage changes one's whole character and outlook on life. Hence it is of the utmost importance to every couple to make their marriage a success. Yet apparently the great majority of husbands and wives make no real effort to do so.
DOROTHY DIX

School Budget Cut Too Fine

At the insistence of the City Council the school board has pared its estimates so fine it now finds itself without funds to carry on highly desirable work.

Wednesday night Trustee J. S. McMillan, chairman of building and grounds committee, reported Burnside School playground badly in need of surfacing owing to drainage difficulties there. Tiles have been laid under the surface, but the clay top prevents water from seeping through to the drains. As a result the committee, in consultation with the roads and the building and grounds superintendents, decided to recommend a layer of cinder and one of sharp sand to provide an absorbent surface. Cost of such an undertaking would be \$250. The board has only \$260 for the whole school and only \$150 of that for grounds with work other than surfacing to do.

To meet the contingency the board passed a resolution from Trustee Harry E. Douglas to ask the City Council to do the work. Otherwise it will be laid over to next year.

The distribution of the provincial government's \$450,000 special grant to schools will be made in such a way that Victoria will receive approximately \$400 more than anticipated when the estimates were drawn up. T. L. Christie, board secretary, reported. That fact had been noted by the city controller, he said.

Use of Sir James Douglas School auditorium for a social evening for the Y.W.C.A. on Saturday, March 20, was granted subject to the usual conditions.

The board accepted an invitation from R. H. McInnes, Oak-

lands principal, to that school's concert March 20.

Because there are no adequate facilities for parking on adjacent streets, Victoria College has asked the board to reconsider its no-parking ban on school grounds. The matter was referred to the building and grounds committee for study.

To avoid future difficulties in collecting regular \$5 a month payments from rural school districts for students from such districts attending high or junior high schools, the board endorsed a resolution from Trustee Austin Curtis fixing that sum and in forming rural boards of the city's action. How the rural boards raised the funds, city trustees decided, was no concern of the Victoria body.

Considering sugar rationing and like matters, the building and grounds committee had placed a cupboard in the Victoria West school pantry, Trustee McMillan reported. He said the P.T.A. of that school informed him sugar, coffee and tea were disappearing mysteriously there.

Repairs to Sir James Douglas school gutters had been effected, but complete replacement would be necessary in the near future, the committee reported.

Only part of the fire hose ordered some time ago by the board had been delivered, Trustee McMillan said.

In accordance with the recommendation of Dr. F. G. Amyot, provincial health officer, Dr. Hugh Clarke has invited mothers of preschool children to bring their youngsters to the school dental clinic for examination. Trustee W. A. Bayliss reported on behalf of the education committee.

About 600 children attend illustrated lectures and movies presented at the Provincial Museum each week, the board was informed.

In view of the fact authorities consider basements of certain schools of fire-proof and reinforced concrete construction safer than the outdoors in the event of an air raid, A.R.P. regulations in schools will be amended shortly. Unless sufficient time is given to permit the children to reach their homes after a warning, they will be assembled in the basements at Bank, Burnside, George Jay, Beacon Hill, High, Margaret Jenkins, Sir James Douglas and Quadra schools.

A suggestion from the Air Force that honor rolls be placed in the High School carrying the names of students in the various forces will be investigated by the education committee and a report will be presented at the next meeting.

Following the sudden death of J. L. Spence, instructor in carpentry, the regular night school class in that subject will be taken by R. F. Goldfinch for the remainder of the term, the board decided.

Moves to popularize children's participation in the war garden scheme, with special contests for those attending school, were outlined.

A \$6 account for payment to the Hudson's Bay Co. disclosed a minor treasure the school board owns but had forgotten until recently. Trustee Curtis told the board the account covered storage for costumes used a few years ago in a stage presentation by the schools. Of considerable value, they had been placed in storage and remained in the company's premises. They will be used again since their discovery and will be housed in a room to be built in the High School attic where other suits and costumes will hang when not in use.

Gratifying improvement is being shown by members of the Victoria School Band, Trustee Curtis said in a report on the band. The trustee stated the uniforms given to the city when it took over the Kinsmen's Boys Band would be used on certain occasions but that the air cadet uniform would be more suitable for the majority of occasions on which the band appeared. It is scheduled to give its first performance at the Empire Day service before the Parliament Buildings, May 23.

Hats in Shape
Getting your hat rainsoaked doesn't necessarily mean that it will have to be immediately re-blocked. Just be sure that it is dried slowly at room temperature away from artificial heat, also that it is not crammed into a crowded shelf or hatbox. Push out any dents, let it dry slowly, brush it with the nap, then shape it to its original form.

Its Only Straight Boundary
The state of New Jersey has a straight, surveyed boundary line only along its northern edge, between the Hudson and Delaware rivers.

Baseball Gossip

TAMPA, Fla. (AP)—Ray Starr, 35-year-old rookie who pitched six innings for Cincinnati Reds in Wednesday's exhibition with Boston Red Sox, heard Manager Bill McKechnie complain he might not have a pitcher for Saturday's game. "I'll be ready," said Ray. "All I need is 12 hours sleep and I'm always ready."

DE LAND, Fla.—The signing of outfielder Roy Cullenbine, who batted .317 last season, left Rick Ferrell, veteran catcher, and Johnny Lucadello, sophomore second baseman, as the only St. Louis Brown holdouts. Neither has been heard from since contracts were mailed.

AVALON, Calif.—Aside from pitching, says manager Jimmy Wilson, there are two wide-open jobs with the Chicago Cubs—left field and shortstop. Currently Rookie Harry Lowrey has first

call in left field, teaming with Charley Gilbert and Bill Nicholson. Bob Sturgeon is the No. 1 shortstop now, but is being pressed by Len Merullo.

LUSCAR INDIANS WIN PLAYOFF TILT

MEDICINE HAT, Alta. (CP)—Luscar Indians defeated Medicine Hat Intermediates 3 to 2 here Wednesday night in the first of a three-game total-point Alberta final intermediate playoff series. Despite the wet, sticky ice play was hard and fast throughout the entire game.

The Indians proved to be too fast for the locals. Cleeve, guarding the net for the Hat, made several spectacular saves. Unless the weather here tightens up, the following two games scheduled to be played in the local arena will be staged on artificial ice at Lethbridge.

Try this mild LAXATIVE

LEMON IN WATER with or without soda

California
**Sunkist
Lemons**

Make it your "regular" rule

Possibly lemon and soda could take the place of the laxative you are now using. It is usually an answer also, to the problem of people who need only an occasional laxative.

First or last thing daily, do this: Into a tall glass half full of water, put 1/4 to 1/2 teaspoon of baking soda (bicarbonate). Slowly add juice of one Sunkist Lemon. Drink as foaming quits.

Or you may find you prefer only the lemon juice in a full glass of water.

Try it ten days. See if you don't benefit when you make it your "regular" rule.
